NEW BUSINESS

Director Perlatti stated the CCBOE had completed the investigation into the issue of ballot stubs not being read by the electronic poll books, which occurred on May 3, 2022. Director Perlatti provided the results of the investigation. The fundamental purpose of the barcode is to track the number of people voting. Additionally, it is a safety net in multi-precinct voting locations to minimize the opportunity to hand out the wrong precinct or party-type ballot to a voter.

Director Perlatti stated there is a bar code on the ballot stub that contains four parts. The first part is the precinct abbreviation. The second part is the precinct split. The third part is the partisan type which is represented by an "R," "D," or if issues only an "N." The fourth part is the stub number. The first three portions of the bar code, the precinct abbreviation, the precinct split, and party affiliation, are created by the CCBOE. This information is put into a ballot stub spreadsheet to create and test sample ballots. The data is then provided to Midwest Direct, the CCBOE ballot printer, which prints test ballots for every precinct. The CCBOE staff tests the sample ballots on the Electronic Poll Books test module. The sample ballots worked successfully in the test module. The CCBOE Ballot Department management team then uses the information from the ballot stub spreadsheet and additional data to print the entire ballot. The ballot spreadsheet is provided to Midwest Direct to print the whole ballot. When the data was copied and pasted from the ballot stub spreadsheet to the ballot spreadsheet, it was transferred as "data" rather than as a "value." This caused the issue with the electronic poll books.

When a bipartisan team of temporary employees proofed the information, the team did not recognize the error in the transfer. Typically, the proofing is split into multiple teams. However, only one team proofed the information due to the compressed schedule. The issue of the ballot not being read by the poll books was an internal oversight; though not acceptable, the error was not malicious. Both vendors, Tenex and Midwest Direct, performed as required.

Going forward, when the Ballot Department proofs the ballots, the teams will be precise in reading the "01" vs. "1." Also, when the ballots come into the CCBOE, quality assurance will review all parts of the naming convention, including the required leading zero. The CCBOE will also include additional training for poll workers to emphasize the workarounds to manually enter the stub number into the electronic poll book and continue to issue ballots using this as a preferred method.

In investigating how the polling locations proceeded when encountering the issue of scanning the ballots, there are workarounds in place. Approximately half of the polling locations manually inputted the information into the electronic poll books. The other half of the locations used the paper poll books, which take approximately ten to fifteen minutes to set up.

The CCBOE will be creating a quick reference guide for the poll workers focusing on urgent situations. The CCBOE sent out messages through the electronic poll books and called cell phones. The CCBOE will utilize the County Emergency Management System to blast messages to the poll workers in the future. Director Perlatti stated that the poll workers did a good job handling the unanticipated situation. The bar code issue had nothing to do with the tabulation of the ballots, as the bar code stub is removed before scanning a ballot into the DS200 scanner. By 8:00 a.m., the poll book vendor Tenex was able to fix the issue by reading the bar code and sending it out to all of the poll books in the county.

Board Member Wondolowski clarified the time of the update was not 10:00 a.m. as one newspaper reported. Director Perlatti stated that the reporter was incorrect. However, several media outlets helped report accurate information, which is appreciated. Board Member Wondolowski stated one newspaper editor indicated every county was ready for the May 3, 2022, Primary Election except for Cuyahoga County. Board Member Wondolowski stated that reporting could not have been further from the truth; the unfair criticism from that individual is unappreciated. The CCBOE has the best employees in the State of Ohio and was prepared for the election. The issue was a mistake that happened, and the CCBOE learns from mistakes. Director Perlatti stated the CCBOE welcomes any media member to reach out for the facts and accurate information for those who want to be educated.

Board Member Davis Chappell stated that when the CCBOE revisits, the proactive measures being taken to ensure this does not happen again would include poll workers communication with voters when there is a delay. The CCBOE poll worker training should consist of how to communicate with voters. Voters should not be turned away but given a time frame when the delay will be resolved and let the voter determine if they are willing to wait or return later. The CCBOE should consider what the messaging should look like to voters when there is a hiccup. Delays in voting are not always well received, but effective communication with voters is essential. The CCBOE does appreciate the hard work the poll workers encounter on Election Days, especially when there is a glitch. While mistakes do occur, it is important we continue to remain transparent and continue to improve through lessons learned. Board Member Davis Chappell stated she previously went on record saying the May 3, 2022, Primary Election may not be a flawless execution because of all the unreadiness and the compressed timelines.

Director Perlatti said the Ohio Secretary of State provides all 88 counties an "After Action Review." The CCBOE anticipates the issue will be on the review, and the CCBOE will be able to respond and provide the facts.

NEW BUSINESS

Director Perlatti stated the CCBOE is preparing for the August 2, 2022, Primary Election. The candidates and one local option in Cleveland will be certified on Wednesday, June 8, 2022. The last day for a candidate to withdraw from the August 2, 2022, Primary Election and not have their name appear on the ballot is June 13, 2022. The start of UOVACA voting is June 17, 2022. The Ballot Department has started to proof the standard wording on the ballot, including the headers and instructions. The ability to request the vote-by-mail application is now active. Temporary employees have also started in the Ballot and Election Officials Departments. The CCBOE has been notifying the various vendors about the August 2, 2022, Primary Election, and the CCBOE has not been notified of any conflicts.

The Election Officials Department will be sending the first recruitment notice to Election Day Officials for rehire. The recruitment notice goes out to approximately 2,500 people. Ninety percent of the notifications are e-mailed, and ten percent are sent via USPS. Election Day workers that served in the May election will not need to be re-trained. New workers hired for the August 2, 2022, Primary Election will need to complete the PEO training, which starts on June 13, 2022.

The Election Support Department has been focused on finalizing the polling locations. This election will have 286 polling locations, and the CCBOE has received 214 contracts. Of the 72 locations still outstanding, 61 have verbally confirmed. The remaining eleven locations include churches that are more difficult to reach during the week. There are nine polling location changes; generally due to scheduling conflicts. Board Member Davis Chappell asked if there is a contract deadline for the locations. Director Perlatti stated the deadline may have passed. However, the CCBOE has contacted the locations and received verbal commitments.

The Voter Guide will be mailed for the August 2, 2022, Primary Election. The vendor will begin mailing the guides out around June 21, 2022, and complete the mailing by June 27, 2022. One Voter Guide card will be mailed to each household with a registered voter. The CCBOE is watching for any rulings on litigation that may affect sending the mailing. If the courts rule there would be a change in the August 2, 2022, Primary, the CCBOE will have to pay the printer for the work that has been done.

The Post-Election Audit of the May 3, 2022, Primary Election begins on Tuesday, June 7, 2022. The Post-Election Audit will include the Democratic Governor, the Republican Senate, and the Democratic Cuyahoga County Executive races. Once concluded, the Board will need to meet to certify the audit.

Board Member Wondolowski stated he would be resigning from the CCBOE effective Thursday, June 9, 2022.

Chairman Hastings noted that three of the four Board Members were in attendance. Chairman Hastings was in-person, and Board Members Stickan and Wondolowski attended via video conference as allowed per House Bill "H.B." 51. Board Member Davis Chappell was excused from today's meeting.

Agenda Item 1: Acknowledgment of Secretary of State Directive 2022-36: Examination and Verification of Petitions from Statewide Independent Candidates

Chairman Hastings moved to acknowledge the Secretary of State Directive 2022-36: Examination and Verification of Petitions from Statewide Independent Candidates. Board Member Wondolowski seconded. The motion passed unanimously.

Agenda Item 2: Certification of Issue and Candidates to the August 2, 2022, Primary Election

Chairman Hastings stated there was one matter before the Board involving Mr. Willie Lewis Britt. Mr. Britt filed petitions and then filed Secretary of State (SOS) Form 2-ZA with the CCBOE. On February 2, 2022, he filed petitions indicating that he wanted to run in Ohio Senate District 21. On February 26, 2022, Directive 2022-26 was released, which discusses the Redistricting Commission map three and defines the general assembly districts for the primary election. Under the Redistricting Commission map three version, Mr. Britt resided in District 23. According to the SOS rules, Mr. Britt was permitted to file SOS Form 2-ZA on March 1, 2022, indicating he was going to move into District 21. The SOS then released Directive 2022-31, which removed the General Assembly's office from the May 3, 2022, Primary Ballot. On May 28, 2022, Directive 2022-34 was released that instructs the Board to have a Primary Election on August 2, 2022, and directed boards of elections to use Redistricting Commission map three. The Directive does say candidates who filed SOS Form 2-ZA

Narrative that is underlined in the CCBOE minutes relates to a motion that was acted on by the Board.

had until June 7, 2022, to move into the district the candidate identified. The new deadline for General Assembly candidates who resided in another district was June 7, 2022, and that extension was granted due to the pause in implementation. The Directive also stated the CCBOE could not accept any Form 2-ZA's after March 10, 2022. On June 7, 2022, after the March deadline, Mr. Britt came to the CCBOE and filed a new Form 2-ZA, indicating he is not moving and intends to run in State Senate District 23. Additionally, Mr. Britt timely filed to be on the ballot for Democratic State Central Committee Member.

Assistant Prosecutor Musson stated he reviewed the SOS Directives and various maps and the history of the filings. The latest Directive 2022-34 has a specific provision stating the board of elections may not accept Form 2-ZA addendums filed after March 10, 2022. The CCBOE is limited by and obligated to follow the Directive. The SOS precludes the refiling of the second amendment to the declaration of candidacy. Board Member Stickman stated Mr. Britt filed the addendum timely to say he was moving, yet now the SOS is saying the CCBOE can not accept another addendum after the deadline. Board Member Stickman asked if there was a distinction in this case. Mr. Musson stated Mr. Britt initially filed to run in District 21 under the current map and tried to amend the filing to run in District 23 after the deadline set by the SOS. Mr. Britt did not move into the District within the 30 days provided under the Constitution and as extended by SOS Directives, therefore Mr. Britt is precluded from appearing on the ballot for State Senate Districts 21 or 23. Chairman Hastings stated Mr. Britt was advised of today's meeting and told staff he would not be attending.

Chairman Hastings moved not to certify Mr. Britt to the August 2, 2022, Primary ballot for Ohio Senate District 21, as Mr. Britt did not move into District 21 and did not take the necessary steps under Directive 2022-24 to effectuate his candidacy. If Mr. Britt had moved into District 21, he would be certified, but he chose not to. Board Member Stickman made a friendly amendment to include not to recognize any late-filed addendums. Chairman Hastings included in the motion to reject Mr. Britt's SOS Form 2-ZA as the filing is mute due to filing after the Directives deadline. Board Member Wondolowski seconded. The motion passed unanimously.

Board Member Stickman stated this is another example of a confusing situation. Ultimately she voted yes because the Directive is clear that the CCBOE cannot consider the Form 2-ZA given the deadline date is clearly stated in the Directive.

Walk-on Agenda Item: Acknowledgment of withdrawal of candidate Jeff Johnson, Ohio State Senate District 23, from the August 2, 2022, Primary Election.

Chairman Hastings moved to acknowledge the withdrawal of candidate Jeff Johnson, Ohio State Senate District 23, from the August 2, 2022, Primary Election. Board Member Wondolowski seconded. The motion passed unanimously.

Chairman Hastings moved to certify the Issue and Candidates to the August 2, 2022, Primary Election as provided in the board packet. Board Member Wondolowski seconded. The motion passed unanimously.

Agenda Item 3: Personnel Agenda

Chairman Hastings moved to approve Personnel Agenda. Board Member Wondolowski seconded the motion. The motion passed unanimously.

Walk-on agenda item

Acknowledgment of the Post-Election Audit Summary from the May 3, 2022, Primary Election.

Brian Cleary, Ballot Department Manager, presented information from the Board Packet regarding the Post-Election Audit Summary from the May 3, 2022, Primary Election.

Chairman Hastings moved to acknowledge the Post-Election Audit Summary from the May 3, 2022, Primary Election. Board Member Wondolowski seconded. The motion passed unanimously.

Director Perlatti stated the candidate protest deadline for the August 2, 2022, Primary Election is at 4:00 p.m., Thursday, June 9, 2022. The CCBOE Board must hear any protests filed by Friday, June 10, 2022.

PUBLIC COMMENT

Reverend Pinkney Butts provided public comment regarding items on the agenda.

Chairman Hastings read into the record that Reverend Aaron Phillips, Sure House Baptist Church, asked to make a public comment indicating that Skip D. White will help bridge the gap between the CCBOE and the churches in Greater Cleveland. Reverend Phillips has also been working with Reverend Pinkney Butts to work with the CCBOE.

Ronda Crayton provided public comment regarding a Challenge of the Right to Vote and allegations of voter fraud.

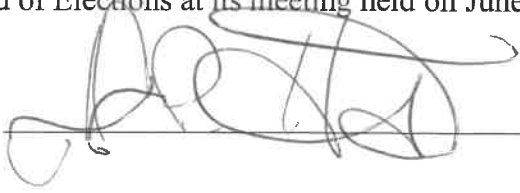

Stacey Collier provided public comment regarding a Challenge of the Right to Vote and allegations of voter fraud.

Chairman Hastings acknowledged the written resignation of Board Member David Wondolowski effective June 9, 2022.

Chairman Hastings moved to adjourn the meeting at 4:30 p.m. Board Member Wondolowski seconded. The motion passed unanimously.

DIRECTIVE 2022-37

June 26, 2022

To: Fairfield, Franklin, Licking, Montgomery, and Perry County Boards of Elections
Board Members, Directors, and Deputy Directors

Re: Court Order Impacting the August 2, 2022 Primary Election for Fairfield, Franklin,
Licking, Montgomery, and Perry County Boards of Elections

SUMMARY

On June 24, 2022, a narrow majority of the Supreme Court of Ohio made an unprecedented and untimely decision to intervene in an election in which voting had already begun. While this decision is disruptive to the process of election administration and no doubt confusing to the impacted voters, our job as election officials is to minimize the chaos caused by this order. This Directive provides new guidance intended to meet that objective.

The Court's ruling requires the five county boards of elections to review six candidates' petitions and declarations of intent to be write-in candidates, all six of whom were parties to the lawsuit. The Court ordered "Secretary of State Frank LaRose, the Franklin County Board of Elections, the Montgomery County Board of Elections, and the Licking County Board of Elections to accept the declarations of candidacy and petitions of William DeMora, Anita Somani, Elizabeth Thien, Leronda Jackson, Bridgette Tupes, and Gary Martin as timely and to certify them to the ballot if they otherwise qualify."¹ The *DeMora* litigation applies only to these individuals and impacts the following counties: Fairfield, Franklin, Licking, Montgomery, and Perry. Therefore, boards of elections that are parties to the *DeMora* litigation must amend their ballots for the August 2, 2022 Primary Election for the offices of State Representative, State Senator, and Member of State Central Committee to account for their determination on those candidates' declarations of candidacies and petitions. This Directive supersedes any provision in a prior Directive that may conflict with this Directive.

INSTRUCTIONS

I. PETITION VERIFICATION AND CERTIFICATION

The Supreme Court's order requires the boards of elections of Fairfield, Franklin, Licking, Montgomery, and Perry Counties to follow normal procedures for the verification of the validity of the plaintiffs' declarations of candidacy and declarations of intent to be write-in candidates, whichever is applicable. For verification of signatures on the declarations of candidacy, not later than **12:00 p.m. on Monday, June 27, 2022**, the board of elections of the most populous county for each district must (1) scan the part-petitions for each less populous county; and (2) provide the

¹ *State ex rel. DeMora, et al. v. LaRose*, Case No. 2022-0661.

less populous county an electronic image of the part-petitions from their respective county. The less populous county must then determine the validity of signatures purported to be from voters registered in their county. All other matters affecting the validity or invalidity of the petition papers are determined by the board with whom the petition papers were filed.

Upon receipt of the part-petitions, the less populous county must immediately begin verifying signatures, electronically recording decisions on the validity or invalidity of each signature on the voter registration record, tracking for duplicate signatures, and ensuring that the voter registration record is updated with voter activity credit if the signature and address match.²

Not later than **12:00 p.m. on Thursday, June 30, 2022**, the less populous county must do all of the following:

1. Print the scanned images they received from the most populous county;
2. Determine the validity or invalidity of the signatures and circulator statements for the part-petitions;
3. Scan the examined part-petitions for each candidate; and
4. Email the most populous county (1) the number of valid signatures for each candidate; and (2) the scanned images of the part-petitions.

The less populous county must, under proper regulations, make the part-petitions that the less populous county scanned and electronically returned to the most populous county available for public inspection until **4:00 p.m. on Thursday, June 30, 2022**.³ The most populous county for each plaintiff must hold a meeting to certify or reject the declarations of candidacy or declaration of intent to be a write-in candidate for the August 2, 2022 Primary Election not later than **9:00 p.m. on Thursday, June 30, 2022**.

II. PROTESTS AND FINAL BALLOT PREPARATIONS

Protests filed against the candidates subject to the Supreme Court's order must be filed no later than **12:00 p.m. on Friday, July 1, 2022**.⁴ Protest hearings must be held and decided not later than **9:00 p.m. on Tuesday July 5, 2022**.

Immediately upon resolving all protests filed, the board of elections of the most populous county must email a written notice of the appropriate candidate names and political parties to the board of elections of each less populous county within the district. Each board of elections of a less populous county must send an electronic proof of its updated ballots with the overlapping contest to the most populous county not later than **10:00 a.m. on Wednesday, July 6, 2022**. The board of elections of the most populous county must email confirmation or required revisions as

² As a reminder, voter-initiated activity includes voting, submitting a valid absentee ballot application, registering to vote, updating, or confirming an address with a board of elections or the BMV, or signing a candidate or issue petition that is verified by a board of elections. After verification of part-petitions, only voters with a valid signature should be provided voter-initiated activity. See [Chapter 4](#), page 74 of the Election Official Manual.

³ [R.C. 3513.05](#).

⁴ R.C. 3513.05 states that protests must be filed by the 74th day prior to an election. However, because of the court ordered acceptance of these candidates' petitions and declarations, and possible placement on the ballot, this Office is ordering an amended and expedited timeline for protests as well.

soon as possible after receiving the proof, but not later than **2:00 p.m. on Wednesday, July 6, 2022.**⁵ Unfortunately, due to the timing of the Supreme Court's decision, early in-person voting may continue while some ballot styles are changing. Boards must perform logic and accuracy testing for the new ballots in a way that does not interfere with early in-person voting.

III. SUPPLEMENTAL UOCAVA BALLOTS

The Supreme Court's order comes after voting began for UOCAVA voters. Therefore, UOCAVA voters from Fairfield, Franklin, Licking, Montgomery, or Perry County with a ballot that is impacted by this litigation may need to receive a supplemental ballot. The boards from the impacted counties must do all of the following for in-progress UOCAVA voting:

- (1) If the UOCAVA voter requests a ballot that is **not** impacted by the litigation, transmit the ballot to the voter as soon as possible.
- (2) Create a supplemental ballot that amends the contest impacted by the litigation. The supplemental ballot **must contain all eligible candidates** for that particular election, in addition to the other contests and questions and issues on the ballot for the August 2, 2022 Primary/Special Election. These supplemental ballots must be provided to voters as soon as they are prepared and ready.
- (3) Send the UOCAVA voter the supplemental ballot in the same way that was initially requested. For example, if the voter initially requested the ballot to be sent via email, the Board must email the supplemental ballot. Along with the ballot, the Board must include an explanation of the circumstances which lead to the supplemental ballot and that the voter may cast this supplemental ballot without fear of prosecution. A template for the notice to UOCAVA voters that must be included with the supplemental ballot accompanies this Directive. This template should be printed on county/board letterhead. If the UOCAVA voter did not receive an original ballot and will only receive a supplemental ballot, the template notice is not required.
- (4) Boards must segregate the ballots for any UOCAVA voters who received a ballot that was impacted by this litigation. The board must not remake or scan any UOCAVA ballots until the 11th day after the election.⁶ These ballots must be kept separate in the event a voter returns their supplemental ballot prior to the deadline for returning a UOCAVA ballot.
- (5) As part of the Official Canvass remake process, if a UOCAVA voter returned a supplemental ballot, the voter's supplemental ballot should be used in place of the original ballot. If the voter did not return a supplemental ballot, the board of elections must ensure that the original ballot the voter returned counts if otherwise valid.

⁵ The Court Order requires a compressed timeline of the process outlined [Chapter 5, Section 5.05](#) of the Election Official Manual.

⁶ [R.C. 3511.11](#).

IV. BOARD WEBSITES AND FEDERAL WRITE-IN ABSENTEE VOTERS **("FWAB") NOTICE**

Boards of elections in Fairfield, Franklin, Licking, Montgomery, and Perry County must prominently display notice on their website and specifically in their Voter Information Lookup that states, "On June 24, 2022, the Supreme Court of Ohio issued a court order which permitted additional candidates to appear on the ballot for the August 2, 2022 Primary Election. Therefore, additional candidates may be added to the ballot. Once candidate petition verification and certification is complete, candidate lists will be updated."

V. UPDATED ABSENTEE BALLOT SUBMISSION

Boards of elections in Fairfield, Franklin, Licking, Montgomery, and Perry County must send a copy of each updated absentee ballot style (including candidates and questions and issues) to the Secretary of State's Office by **Friday, July 8, 2022**. Absentee ballots must be uploaded to the SharePoint site.⁷

VI. EARLY IN-PERSON VOTING

Boards must have ballots ready for early in-person absentee voting on **Wednesday, July 6, 2022**. Boards that do not have scannable ballots at the start of early in-person voting may need to print images of ballots, then remake and tabulate the ballots for the unofficial canvass.

VII. ABSENTEE BALLOT OUTSOURCING

Boards of elections in Fairfield, Franklin, Licking, Montgomery, and Perry County that are outsourcing the printing and mailing of absentee ballots must immediately contact their vendor and inform them that due to the Supreme Court's order, the ballots must be updated. They must not send a ballot to a voter when the ballot is missing candidates due to the Supreme Court's order. Boards must work with their vendor to ensure that the vendor is able to provide ballots in a timely manner to all voters, despite the late hour of the Supreme Court's order. Each board of elections director must share this Directive with its legal counsel, the county prosecuting attorney, and its voter registration system and voting equipment vendors as soon as possible. If you have any questions regarding this Directive, please contact the Secretary of State's elections counsel at (614) 728-8789.

Yours in service,

Frank LaRose
Ohio Secretary of State

⁷ The Court Order requires a compressed timeline of the process outlined [Chapter 5, Section 5.04](#) of the Election Official Manual.

**INFORMATION AND INSTRUCTIONS REGARDING YOUR SUPPLEMENTAL BALLOT FOR
UNIFORMED AND OVERSEAS VOTERS**

Dear Voter:

Our records indicate that you were sent a ballot for the August 2, 2022 Primary/Special Election.

The Supreme Court of Ohio issued an order requiring additional candidate(s) for your political party to be considered in one of the races in your district ***after*** you received your original ballot from the board of elections. The Court's order requires us to issue you an updated or "supplemental" ballot.

Enclosed you will find a complete supplemental ballot that includes the added candidate(s).

Please read the following information:

- 1) If you have not returned your original ballot, **please do not complete it. Complete the enclosed supplemental ballot instead.** However, please make sure to return both ballots as described in the instructions below. **ONLY ONE RETURNED BALLOT WILL BE COUNTED FOR EACH VOTER.**
- 2) If you have already returned your original ballot, please complete, and return the enclosed supplemental ballot. The original ballot will be kept by the board of elections – in a sealed envelope – separate from other returned absentee ballots, and only the supplemental ballot will be counted.
- 3) The supplemental ballot must be voted, sealed, and mailed by 12:01 a.m. at the place you are located on August 2, 2022. As long as the board receives the supplemental ballot prior to August 13, 2022 and it is otherwise valid, the supplemental ballot will be counted.
- 4) If you *do not* return the supplemental ballot, your original ballot will still be counted.

Instructions:

- 1) If you still have your original ballot and have not returned it to your board of elections, mark your original ballot in a way that your board of elections can easily identify it as the original. For example, writing "Original" across the top.
- 2) Complete your supplemental ballot that you received from the board of elections with this notice.
- 3) **You must enclose your voted supplemental ballot into the identification envelope for the ballot to be counted.**
- 4) Seal your **identification ENVELOPE CONTAINING YOUR SUPPLEMENTAL BALLOT.**

- 5) Include your original ballot and the identification envelope containing your supplemental ballot in the return envelope.
- 6) Seal and mail your return envelope by the deadline.

If you have any questions, please contact the [county] Board of Elections at [phone number] or via email at [insert county board email appropriate for UOCAVA questions].

Thank you for voting!

DIRECTIVE 2022-38

June 28, 2022

To: All County Boards of Elections
Board Members, Directors, and Deputy Directors

Re: Help America Vote Act ("HAVA") Funds, Security Improvements, and Vendor Contracts

SUMMARY

As election officials, it is our duty to protect the security and integrity of Ohio's elections. Threats to our election infrastructure continue to demand our attention and diligence. Each security directive is built on a foundation of cybersecurity best practices that will help boards of elections improve their cybersecurity programs. This Directive provides boards of elections with the opportunity to continue to strengthen the security of Ohio's election systems. The Directive instructs county boards of elections on continuing security steps and outlines additional requirements that each board must take to enhance its overall election security and protect its information technology ("IT") systems. All items in this Directive must be completed by **December 30, 2022**, unless otherwise specified.

This Directive builds on the foundation of cybersecurity requirements set forth in Security Directives [2020-12](#) and [2019-08](#), which were incorporated into Chapter 3 of the Election Official Manual ([Directive 2022-07](#)). Each county board of elections must immediately share this Directive and the accompanying Technical Document with its technical point of contact.

HAVA funds are available this year for improving election security. Each county board of elections can receive up to \$10,000 to support the implementation of this Directive.

INSTRUCTIONS

I. 2022 HAVA SECURITY FUNDING

Each board of elections may receive up to \$10,000 for the implementation of requirements in this Directive. This funding will be referred to in this Directive and future communications as the 2022 HAVA Security Funding. The funds are available only for purposes contained within this Directive.

Boards of elections must enter into a grant agreement with the Secretary of State's Office and will be sent a check for \$10,000 upon the Office's receipt of the board of elections' signed agreement. Boards of elections must deposit the grant payments into an interest-bearing fund, separate from all other funds of the board and may use the same fund that was set up for the 2019 or 2020 HAVA grants. Prior to expending any grant funds, boards of elections must complete the following:

- (1) Submit a plan identifying how they intend to meet the Directive requirements;
- (2) Provide an estimate of the associated costs to HAVAGrant@OhioSoS.gov; and
- (3) Receive approval of the plan.

The Technical Document accompanying this Directive provides additional instructions for submitting a plan for the grant. In addition, boards must submit two types of reports after their 2022 HAVA Security Funding plan is approved:

- **Expenditure Report:** On the first business day of September 2022 and on the first business day of January 2023, the board of elections must submit the HAVA 2022 Expense Report and all associated quotes, quote templates, receipts, invoices, and proofs of payment to [BOE - SecurityDirectives - All Documents \(sharepoint.com\)](#).
- **Implementation Progress Report:** On the first business day of each month, the board of elections must submit the HAVA 2022 Security Directive Implementation Progress Report to [BOE - SecurityDirectives - All Documents \(sharepoint.com\)](#) using the Excel templates provided.

Unspent HAVA Security Funding must be returned to the Secretary of State's Office by **February 2, 2023**.

Boards of elections must follow all state and county laws and purchasing rules when making purchases to implement this Directive. Boards must obtain three quotes from vendors offering required items or services that cost \$1,000 or more. If fewer than three vendors offer the required item or service, a board must certify that fact to the Secretary of State's Office. Boards are encouraged to use the state term schedules to identify a vendor offering a competitive price for items and services; however, if the board selects a vendor on state term schedules, the board must still provide three quotes. The schedule is available here: https://procure.ohio.gov/bidders-and-suppliers/resources/04_ob+contracts.

II. DEPARTMENT OF HOMELAND SECURITY ("DHS") SERVICES

As a result of the DHS designation of election infrastructure as critical infrastructure, election officials can take advantage of a full menu of free DHS services. Election officials can obtain information on these resources and services by contacting DHS at: CISAServiceDesk@cisa.dhs.gov.

The Secretary of State's Office enrolled each board of elections domain in the DHS Crossfeed service. This service scans web applications and underlying infrastructure for known vulnerabilities and compiles it into a single dashboard. This service is only for public infrastructure; however, the dashboard is publicly available on the internet. More information about this service can be found at [Crossfeed | CISA](#).

Each board of elections must continue *to request* the following services no later than **July 15, 2022**. Requests for these services should be emailed to CISAServiceDesk@cisa.dhs.gov, copying HAVAGrant@OhioSoS.gov.

- A. Phishing Campaign Assessment.** This assessment is a "no cost six-week engagement that evaluates an organization's susceptibility and reaction to phishing emails of varying complexity." Each board of elections must use this service **annually**. While

required for the boards of elections to utilize this service, the entire county should take advantage of this no-cost service.

- B. Cyber Hygiene (Vulnerability Scan).** This service provides “vulnerability scanning of Internet-accessible systems for known vulnerabilities on a continual basis as a no-cost service. As potential issues are identified, DHS notifies impacted customers so they may proactively mitigate risks to their systems prior to exploitation. The service incentivizes modern security practices and enables participants to reduce their exposure to exploitable vulnerabilities.” Each county board of elections must use this service **weekly**, and the board must have DHS include the Ohio Secretary of State’s Office and EI-ISAC as recipients of the weekly report. While required for the boards of elections to utilize this service, the entire county should take advantage of this no-cost service.

Each board of elections must request all the following additional services prior to the general election in even-numbered years if it has not done so already. These services must be requested no later than **July 15, 2022**.

- C. Risk and Vulnerability Assessment.** This onsite assessment gathers data and combines it with national threat and vulnerability information to detect vulnerabilities in network security. After completing the assessment, DHS provides a final report with its findings and recommendations for improving network security controls.
- D. Remote Penetration Testing.** DHS provides this service remotely to identify vulnerabilities in externally accessible systems. After completing testing, DHS provides a final report with its findings and recommendations.
- E. Validated Architectural Design Review.** This review is designed to develop a detailed representation of the communications and relationships between devices to identify anomalous communication flows. Following the review, a participating organization will receive a report that includes discoveries and recommendations for improving organizational operations and cybersecurity.
- F. Cyber Threat Hunt.** DHS will perform an in-depth review on site at the board of elections to determine if a network compromise has occurred.

The Secretary of State’s Office highly recommends that the entire county government take advantage of these no-cost services.

III. CONTINUATION OF BOARD RESPONSIBILITIES

A. ELECTIONS INFRASTRUCTURE INFORMATION SHARING

Each board must review its personnel information with the Elections Infrastructure Information Sharing and Analysis Center (“EI-ISAC”) and make any necessary updates to ensure that the appropriate personnel receive and review emails. New board and staff members must register at <https://learn.cisecurity.org/ei-isac-registration>, and boards must notify the EI-ISAC of contact information changes via email to elections@cisecurity.org.

B. CYBERSECURITY TRAINING

As stated in [Chapter 3](#) of the Election Official Manual, each board member and employee must complete an approved security awareness training course annually and whenever a new board member or employee starts with the board of elections.¹ A copy of the certificate of completion or a report from the training system must be provided to the Secretary of State’s Office within 30 days of completion. If the board of elections does not have security awareness training available to them, the Secretary of State’s Office will provide it at no cost to the boards of elections. The training must be completed within 90 days of the individual training courses being assigned.

IV. CONTINUATION OF SERVICES

This section of the Directive outlines the services that the Secretary of State’s Office will continue to provide in order to support Ohio’s secure elections infrastructure.

A. CYBER LIAISONS

The Secretary of State’s Office engaged cybersecurity professionals to assist the county boards of elections with their IT support needs. Currently there is a cyber liaison deployed to each region of Ohio: Northeast, Northwest, Southeast, and Southwest. The cybersecurity liaisons promote best practices to further improve the board’s cybersecurity and complement the board’s current IT support. For example, cyber liaisons assist boards and local IT support with tools, software or hardware integration, software and patch management support, network analysis review, incident response planning and exercising, tier one incident management forensic collection support, and general engineering technical assistance.

B. NETWORK INTRUSION DETECTION

Boards of elections must continue using the Albert Intrusion Detection Monitoring service. The Albert must be configured to monitor the board of elections’ network traffic and may also be used to monitor the overall county network traffic so long as the board of elections’ network traffic is included in that monitoring.

C. SECURITY INFORMATION AND EVENT MANAGEMENT (“SIEM”)

Boards of elections must continue using the SIEM Logging service. All boards of elections network systems must be configured to log system events to the SIEM. Other county log events

¹ [Chapter 3](#), page 68 of the Election Official Manual.

may also be sent to the SIEM, so long as the board of elections system events are continuously monitored.

D. ENDPOINT DETECTION AND RESPONSE (“EDR”) SOLUTION

Boards of elections must continue to use the EDR Solution provided by the Secretary of State’s Office. EDR solutions protect systems more effectively than the traditional anti-virus products by scanning for known bad behavior and characteristics of malicious actors, rather than looking only for bad files like traditional anti-virus software.

If the board of elections is unable to implement the Secretary of State’s supplied EDR, the board must document how their current EDR solution meets the Secretary of State’s requirements.

E. MALICIOUS DOMAIN BLOCKING AND REPORTING

The Secretary of State continues to provide a malicious domain blocking and reporting service (“MDBR”) for all county boards of elections. This service blocks access to malicious websites, helps stop malware from connecting to known command-and-control infrastructure, and complements the ALBERT and SIEM services. Each board of elections must maintain the service and continue using this malicious domain blocking service or an approved equivalent. While the boards of elections must utilize this service, the entire county is encouraged to take advantage of this service at no cost.

V. CYBER CONTROLS

The Center for Internet Security (“CIS”) publishes a list of critical security controls. These controls are a prioritized set of actions that form a defense-in-depth set of best practices that mitigate the most common attacks against systems and networks. This framework serves as the guiding principles for cybersecurity practices. This section of the Directive focuses on enhancing the boards of elections’ implementation of these controls so they may better adapt and respond to the changing threat landscape. Additional information can be found at [CIS Critical Security Controls \(cisecurity.org\)](https://www.cisecurity.org/cis-controls/).

A. WEEKLY VULNERABILITY SCANNING

[Security Directive 2019-08](#) and [Chapter 3](#) of the Election Official Manual mandates boards to conduct unauthenticated vulnerability scans. This Directive requires boards to transition to authenticated vulnerability scans.

Each board of elections must conduct authenticated vulnerability scans at least once a week. This capability is available through the services provided by the Ohio Secretary of State’s Office, and the cyber liaisons will configure the SIEM solution for authenticated vulnerability scanning at no cost to the board of elections. Boards must retain evidence that these scans are completed and acted upon for at least one year.

B. ASSET MANAGEMENT

Each board of elections must use data from an authenticated vulnerability scan to regularly update an asset management database. This capability is available at no additional cost to the board

of elections through the current SIEM solution and will be configured with the support of the Secretary of State Cyber liaisons.

C. SOFTWARE MANAGEMENT

Each board of elections must have the ability to track new software installed on each asset deployed within the agency. The technical point of contact will be responsible for tracking, maintaining, and updating authorized software on a regular basis. Directors and Deputy Directors must work with their technical point of contact to establish processes to determine if new software is safe for internal use and to ensure software is supported by the vendor(s).

D. REMOTE ACCESS MANAGEMENT

Access to board of elections systems that traverse an external network, such as the Internet, must be monitored and protected. All remote access must meet the following requirements:

- Connections must be logged locally and to the SIEM.
- Sessions must be protected using an encryption algorithm approved in FIPS 140-2.

E. USER ACCOUNTS

In order to increase security, a board of elections must change user passwords at least every 90 days and **immediately** if there is a suspected account compromise. Passwords must comply with the security and complexity standards in [Chapter 3](#) of the Election Official Manual and must not be re-used across different applications.

Boards must maintain secure custody for passwords and log-in information for its voter registration system, voting systems, and central tabulating systems. The board must not maintain passwords on a document that can be accessed by anyone but authorized staff. This means that the posting of a password or even part of a password on a monitor or keyboard is strictly prohibited. If the board finds it necessary to physically document passwords associated with any of its systems, the document must be under double lock and key, controlled only by bipartisan staff when not in use.²

F. ADMINISTRATOR ACCOUNTS

Each board of elections must review user accounts on all critical systems utilized by the agency on a quarterly basis. An administrative account is a user account with full privileges intended for use only when performing personal computer management tasks, such as installing updates and application software, managing user accounts, and modifying operating system and application settings. Privileges must be adjusted accordingly after each review, with overprivileged users losing access and unneeded accounts deactivated when necessary.

Administrative accounts must be separate from an account that is utilized for duties such as sending emails, utilizing the internet, and processing voter registrations. Boards of elections must work with their technical point of contact to ensure that any employee with an administrative

² [Chapter 3](#), pages 59-61 of the Election Official Manual.

account only has access to those systems that are necessary to their role at the board. Boards are required to review administrative account access at least once a year and whenever there is a change in personnel with administrative account access.

G. SERVICE ACCOUNTS

Service accounts run automated processes and are used by applications, not people (for example, automated system backups). Service account passwords are a common vector threat that actors use to laterally move through an organization because of poor cyber hygiene. The accounts traditionally are unmonitored and may not follow the same password requirements outlined for administrator accounts and user accounts. To reduce the risk of hacking, service accounts must have passwords that expire at least annually.

H. OFFICIAL COUNTY GOVERNMENT WEBSITE BANNER

Building upon the transition to “.gov” websites, it is important to inform the public on how to identify trusted sources of information. Each board of elections must include a website banner that explains how to quickly identify a site as secure and an official county government site. Refer to the Technical Document for an example and go to the following website for instructions on how to include the banner: <https://designsystem.digital.gov/components/banner/>.

VI. SOFTWARE AND HARDWARE LIFE CYCLE MANAGEMENT

Boards of elections must monitor vendor website for system life cycle timelines and ask about the software or hardware life cycle before making a purchase. Additionally, it is important for boards to plan for aging systems from a budgetary perspective to prevent a situation where an unsupported system is deployed in the organization. Prior to an election, boards must ensure that no equipment or software is past end of life support. Boards can utilize their asset management inventory to track the board’s equipment and software with purchase dates to continuously monitor for upcoming budget needs, supply chain, vendor management, and contracts.

A. VENDOR CONTRACTS

Vendor relationships are an important area where security risk mitigation needs to occur. In 2020 and 2021, there were several prominent cyber events that showed the importance of ensuring entities are aware of the risk a vendor poses to their operations. Reflecting on these events, the Secretary of State’s Office intends to ensure boards of elections are doing everything they can to protect themselves and account for vendor risk.

Board of elections must work with their statutory legal counsel, the county prosecutor, to include cybersecurity-related terms and conditions in all new contracts and upon renewal of contracts involving voter registration systems, electronic pollbooks, ballot on demand services, voting machines and systems, and information technology services (collectively, “technology services contracts”). Specifically, technology services contracts should include language to ensure that the vendor will comply with the security standards in the Ohio Secretary of State’s Security Directives and the Election Official Manual. This should be in the form of a Security Supplement or a substantially similar addition to the main contract. A template for such terms and conditions

accompanies this Directive. Boards must involve their legal counsel, the county prosecutor, and technical points of contact in reviewing and negotiating technology services contracts.

The Security Supplement template includes standard cybersecurity related terms for boards and vendors to include in technology services contracts, not all of which will apply to every technology services contract. However, a strict prohibition on Products from Foreign Vendors Banned by the Federal Government applies to all contracts. A more detailed explanation of the Security Supplement is available in the Technical Document accompanying this Directive. At a high level, the Security Supplement includes provisions for all of the following:

- Data Protection;
- Network Protection;
- Vulnerability Management and Application Security;
- Access Control;
- Secure Channels for Remote Access;
- Strong Passwords and Multi-Factor Authentication (MFA);
- Incident Response Plan;
- Supply Chain Risk;
- Prohibition on Products from Foreign Vendors Banned by the Federal Government
- Software Bill of Materials; and
- Incident Reporting.

VII. CONTINUITY OF OPERATIONS AND INCIDENT RESPONSE

Each board of elections is required to maintain and exercise their continuity of operations and incident response plans. The continuity of operations plan is the playbook an organization follows during an event in which the current location cannot operate its business function, e.g., elections and voter registration. The incident response plan is the process for how the organization deals with specific events such as ransomware, phishing, or insider threats, but should not be limited to cybersecurity-related events.

Moving forward, boards are required to exercise these plans on an annual basis by conducting a tabletop exercise. Tabletop exercises are an effective way to apply incident response to emergency scenarios before they occur. A tabletop exercise should always conclude with an after-action review to ensure lessons learned from the event can be integrated into the existing plans. Your cyber liaison can assist in advising on how to create a tabletop exercise related to cybersecurity.

Boards of elections must submit an updated copy of their Incident Response and Continuity of Operation Plans to the Secretary of State's Office at HAVAGrant@OhioSoS.gov by **December 30, 2022**. Once complete, boards must include their Incident Response Plan in their Election Administration Plan for future reference.

VIII. VOTER REGISTRATION SERVER AND CRITICAL SYSTEM BACKUPS

The board of elections voter registration server and any data processed by the board of elections must be backed up on a daily basis. Other critical systems, such as file servers, must be backed up at least once a week. These backups must be stored in a secure off-site location. Backups can be run more frequently and stored in the cloud as long as the cloud provider is a U.S. based service and the data does not leave the United States. Boards must retain copies of backups for at least three weeks. At a minimum, boards must annually test the backup to ensure that the voter registration server and other critical systems can be fully restored using the off-site backup.³

IX. PHYSICAL SECURITY CONTROLS

Physical security of IT systems is essential to maintaining the confidentiality, integrity, and availability of data. Risks, such as damage from fire or water and unauthorized physical access to IT systems, must be reduced whenever possible. This section of the Directive identifies the minimum level of physical security that must be in place to protect voting equipment, voting systems, and other IT systems used or managed by the Ohio Secretary of State's Office and boards of elections.

A. ACCESS SECURITY

Boards of elections are required to secure the voter registration server, Albert server, SIEM server, network equipment, and any other related election equipment (other than individual workstations) in a locked room at all times. The room must only be accessible to authorized personnel. Any access to the secure room must be logged.

B. VIDEO SURVEILLANCE

Boards of elections are required to have video cameras that monitor IT and elections equipment, including all of the following:

- Network Racks;
- Network equipment;
- Voter registration server;
- Albert server;
- SIEM;
- Election Management System/Tabulators ("EMS"); and
- Electronic Pollbook Storage Locations.

C. LOCATION AND ENVIRONMENT

Any room containing voting equipment, voting systems, and other IT systems must be free of water and reasonably safe from flooding. Any room housing voting equipment, voting systems, and other IT systems must have fire suppression capabilities and a fire alerting mechanism, such

³ [Chapter 3](#), page 64 of the Election Official Manual

as a smoke detector. If the building does not have integrated fire suppression, at a minimum there must be a fire extinguisher within ten feet of the location.

Wherever possible, any room containing voting equipment, voting systems, and other IT systems must have environmental controls to regulate temperature. If room humidity can be regulated, it should be maintained between 45 percent and 60 percent relative humidity.

D. POWER SOURCES

Boards of elections must protect power equipment and cabling to prevent accidental damage, disruption, and physical tampering of electrical power to elections infrastructure. To reduce the risk, boards must take the following precautions:

- Place uninterruptible power sources, generators, portable power sources, and internal power cabling in locked cabinets or rooms;
- Employ automatic voltage controls (voltage regulators, voltage conditioners, and voltage stabilizers) where electrical supply frequently fluctuates or is unreliable;
- Employ surge protection on all server and network equipment;
- Have the capability to shut off power to server and network infrastructure in emergency situations; and
- For facilities equipped with a generator, have sufficient uninterruptible power supply (“UPS”) capacity to maintain critical systems for the time it takes the generator to supply backup power.

If you have any questions regarding this Directive, please contact the Secretary of State’s Elections Counsel at (614) 728-8789 or the cyber liaison assigned to your county.

DIRECTIVE 2022-39

June 29, 2022

To: Hamilton County Board of Elections
Board Members, Directors, and Deputy Directors

Re: Court Order Impacting the August 2, 2022 Primary Election for Hamilton County Board of Elections

SUMMARY

On June 29, 2022, a judge in the Court of Common Pleas in Hamilton County, Ohio ruled¹ that the Hamilton County Board of Elections must accept and review one candidate's petitions even though that person filed after the February 2, 2022 filing date. The decision applies only to the one named candidate and impacts only the Hamilton County Board of Elections. Therefore, the Hamilton County Board of Elections must amend its ballots for the August 2, 2022 Primary Election for the office of State Representative to account for their determination on that candidate's declaration of candidacy and petition. This Directive supersedes any provision in a prior Directive that may conflict with this Directive.

INSTRUCTIONS

I. PETITION VERIFICATION AND CERTIFICATION

The Hamilton County Court of Common Pleas' order requires the Hamilton County Board of Elections to follow normal procedures for the verification of the validity of the plaintiff's declaration of candidacy and petition. Following verification of signatures on the declarations of candidacy and not later than **6:00 p.m. on Thursday, June 30, 2022**, the Hamilton County Board of Elections must hold a meeting to certify or reject the declaration of candidacy and petition for the August 2, 2022 Primary Election.

II. PROTESTS AND FINAL BALLOT PREPARATIONS

Protests filed against the candidate subject to the Hamilton County Court of Common Pleas' order must be filed no later than **12:00 p.m. on Friday, July 1, 2022**.² Protest hearings must be held and decided not later than **9:00 p.m. on Tuesday, July 5, 2022**.

¹ *State of Ohio ex rel. Giroux v. Hamilton County Board of Elections*, Case No. A2202161 (Hamilton Co. Jun. 29, 2022).

² R.C. 3513.05 states that protests must be filed by the 74th day prior to an election. However, because of the court ordered acceptance of this candidate's petitions and declarations, and possible placement on the ballot, this Office is ordering an amended and expedited timeline for protests as well.

Unfortunately, due to the timing of the Hamilton County Court of Common Pleas' decision, early in-person voting may continue while some ballot styles are changing. Boards must perform logic and accuracy testing for the new ballots in a way that does not interfere with early in-person voting.

III. SUPPLEMENTAL UOCAVA BALLOTS

The Hamilton County Court of Common Pleas' order comes after voting began for UOCAVA voters. Therefore, UOCAVA voters from Hamilton County with a ballot that is impacted by this litigation may need to receive a supplemental ballot. The Board must do all of the following for in-progress UOCAVA voting:

- (1) If the UOCAVA voter requests a ballot that is **not** impacted by the litigation, transmit the ballot to the voter as soon as possible.
- (2) Create a supplemental ballot that amends the contest impacted by the litigation. The supplemental ballot **must contain all eligible candidates** for that particular election, in addition to the other contests and questions and issues on the ballot for the August 2, 2022 Primary/Special Election. These supplemental ballots must be provided to voters as soon as they are prepared and ready.
- (3) Send the UOCAVA voter the supplemental ballot in the same way that was initially requested. For example, if the voter initially requested the ballot to be sent via email, the Board must email the supplemental ballot. Along with the ballot, the Board must include an explanation of the circumstances which lead to the supplemental ballot and that the voter may cast this supplemental ballot without fear of prosecution. A template for the notice to UOCAVA voters that must be included with the supplemental ballot accompanies this Directive. This template should be printed on county/board letterhead. If the UOCAVA voter did not receive an original ballot and will only receive a supplemental ballot, the template notice is not required.
- (4) Boards must segregate the ballots for any UOCAVA voters who received a ballot that was impacted by this litigation. The Board must not remake or scan any UOCAVA ballots until the 11th day after the election.³ These ballots must be kept separate in the event a voter returns their supplemental ballot prior to the deadline for returning a UOCAVA ballot.
- (5) As part of the Official Canvass remake process, if a UOCAVA voter returned a supplemental ballot, the voter's supplemental ballot should be used in place of the original ballot. If the voter did not return a supplemental ballot, the board of elections must ensure that the original ballot the voter returned counts if otherwise valid.

³ [R.C. 3511.11](#).

IV. BOARD WEBSITE AND FEDERAL WRITE-IN ABSENTEE VOTERS
("FWAB") NOTICE

The Hamilton County Board of Elections must prominently display notice on its website and specifically in their Voter Information Lookup that states, "On June 29, 2022, the Hamilton County Court of Common Pleas issued a court order which permitted an additional candidate to appear on the ballot for the August 2, 2022 Primary Election. Therefore, an additional candidate may be added to the ballot. Once candidate petition verification and certification is complete, the candidate list will be updated."

V. UPDATED ABSENTEE BALLOT SUBMISSION

The Hamilton County Board of Elections must send a copy of each updated absentee ballot style (including candidates and questions and issues) to the Secretary of State's Office by **Friday, July 8, 2022**. Absentee ballots must be uploaded to the SharePoint site.⁴

VI. EARLY IN-PERSON VOTING

The Hamilton County Board of Elections must have ballots ready for early in-person absentee voting on **Wednesday, July 6, 2022**. If the Board does not have scannable ballots at the start of early in-person voting, the Board may need to print images of ballots, then remake and tabulate the ballots for the unofficial canvass.

VII. ABSENTEE BALLOT OUTSOURCING

If the Hamilton County Board of Elections is outsourcing the printing and mailing of absentee ballots, the Board must immediately contact its vendor and inform them that due to the Hamilton County Court of Common Pleas' order, the ballots must be updated. They must not send a ballot to a voter when the ballot is missing a candidate due to the Hamilton County Court of Common Pleas' order. The Board must work with their vendor to ensure that the vendor is able to provide ballots in a timely manner to all voters, despite the late hour of the Hamilton County Court of Common Pleas' order.

The Board must share this Directive with its legal counsel, the county prosecuting attorney, and its voter registration system and voting equipment vendors as soon as possible. If you have any questions regarding this Directive, please contact the Secretary of State's elections counsel at (614) 728-8789.

Yours in service,

Frank LaRose
Ohio Secretary of State

⁴ The Court Order requires a compressed timeline of the process outlined [Chapter 5, Section 5.04](#) of the Election Official Manual.

**INFORMATION AND INSTRUCTIONS REGARDING YOUR SUPPLEMENTAL BALLOT FOR
UNIFORMED AND OVERSEAS VOTERS**

Dear Voter:

Our records indicate that you were sent a ballot for the August 2, 2022 Primary/Special Election.

The Hamilton County Court of Common Pleas issued an order requiring an additional candidate for your political party to be considered in one of the races in your district ***after*** you received your original ballot from the board of elections. The Court's order requires us to issue you an updated or "supplemental" ballot.

Enclosed you will find a complete supplemental ballot that includes the added candidate.

Please read the following information:

- 1) If you have not returned your original ballot, **please do not complete it. Complete the enclosed supplemental ballot instead.** However, please make sure to return both ballots as described in the instructions below. **ONLY ONE RETURNED BALLOT WILL BE COUNTED FOR EACH VOTER.**
- 2) If you have already returned your original ballot, please complete, and return the enclosed supplemental ballot. The original ballot will be kept by the board of elections – in a sealed envelope – separate from other returned absentee ballots, and only the supplemental ballot will be counted.
- 3) The supplemental ballot must be voted, sealed, and mailed by 12:01 a.m. at the place you are located on August 2, 2022. As long as the board receives the supplemental ballot prior to August 13, 2022 and it is otherwise valid, the supplemental ballot will be counted.
- 4) If you *do not* return the supplemental ballot, your original ballot will still be counted.

Instructions:

- 1) If you still have your original ballot and have not returned it to your board of elections, mark your original ballot in a way that your board of elections can easily identify it as the original. For example, writing "Original" across the top.
- 2) Complete your supplemental ballot that you received from the board of elections with this notice.
- 3) **You must enclose your voted supplemental ballot into the identification envelope for the ballot to be counted.**
- 4) Seal your **identification ENVELOPE CONTAINING YOUR SUPPLEMENTAL BALLOT.**

- 5)** Include your original ballot and the identification envelope containing your supplemental ballot in the return envelope.
- 6)** Seal and mail your return envelope by the deadline.

If you have any questions, please contact the [county] Board of Elections at [phone number] or via email at [insert county board email appropriate for UOCAVA questions].

Thank you for voting!

DIRECTIVE 2022-40

June 30, 2022

To: All County Boards of Elections

Board Members, Directors, and Deputy Directors

Re: Unofficial and Official Canvasses of the August 2, 2022 Primary/Special Election

SUMMARY

This Directive outlines the procedures that boards of elections must follow when conducting both the Unofficial and Official Canvasses of the August 2, 2022 Primary/Special Election.

To assist boards of elections with any problems, questions, or concerns on Election Day, the Secretary of State's Office is staffed on Election Day from 6:00 a.m. until all boards report their unofficial results to our Office. Boards should contact the Secretary of State's Office using the dedicated telephone number that will be emailed prior to August 2, 2022.

All board members, directors, and deputy directors must ensure that they are able to receive emails via their .gov address and other communications sent from the Secretary of State's Office on August 2, 2022 (including after the polls close).

PART ONE – UNOFFICIAL CANVASS

The Unofficial Canvass of the August 2, 2022 Primary/Special Election must be conducted on Election Night in accordance with state law¹ and [Chapter 10, Section 10.02](#) of the Election Official Manual. Each board must reconcile results with records from the poll books and voter registration system to ensure that only one ballot per voter is counted.² This includes ensuring that all returned absentee ballots are logged in the voter registration system and reconciling the list of voters whose ballots were returned with the number of physical ballots returned.

The Unofficial Canvass must be conducted in full view of the members of the board of elections and any observer appointed in accordance with [R.C. 3505.21](#).³ The board must continuously count the ballots during the Unofficial Canvass.⁴

I. PROCESSING ABSENTEE BALLOTS

Boards of elections may begin processing (including scanning, but not tabulating) absentee ballots on July 6, 2022, the day after the close of voter registration. Boards must begin this process prior to Election Day to ensure the Unofficial Canvass includes all absentee ballots received by the close of polls on August 2, 2022. Boards are prohibited from tabulating any absentee ballot prior to 7:31 p.m. on

¹ [R.C. 3505.27](#) (counting regular ballots that were cast at precinct polling locations); [R.C. 3505.28](#) (ballots not counted); [R.C. 3509.06](#) (counting absentee ballots); [R.C. 3509.07](#) (absentee ballots not counted); [R.C. 3511.11](#) - [3511.13](#) (uniformed service and overseas voter absentee ballots).

² [R.C. 3505.26](#) and [R.C. 3505.27](#)

³ [R.C. 3505.27](#).

⁴ [R.C. 3505.27](#); [R.C. 3505.29](#); [R.C. 3505.30](#).

August 2, 2022. If a court orders polls to remain open later than 7:30 p.m. on Election Day, boards will receive a directive with alternate instructions.

II. ELECTION NIGHT REPORTING (“ENR”)

State law requires boards of elections to provide election results for certain contests to the Secretary of State’s Office.⁵ Election Night Reporting will consist of races for the following offices:

- State Senator
- State Representative
- Member of State Central Committee

All counties must use the Secretary of State’s County Submission System (“CSS”) to provide summary results on all candidates that appear on the county’s ballot.

Although boards of elections will have access to hand-key the results at the time frames below, the upload tool allows each board to do this more efficiently. This method also helps prevent data entry errors. Boards must use the USB thumb drives provided by the Secretary of State’s Office to ensure the security of the ENR system and election management system (“EMS”). The USB thumb drives must be used only once.

For the Unofficial Canvass, boards must provide summary-level election results, rather than precinct-level results. Boards will upload precinct-level results for the Official Canvass.

A. SCHEDULE FOR REPORTING RESULTS

Each board must log in to the CSS no later than 7:45 p.m. on August 2, 2022. The board must immediately notify the Secretary of State personnel of delays in completing any portion of the results reporting activity.

B. REPORTING ABSENTEE BALLOT RESULTS

Each board must upload vote totals for absentee ballots by 8:00 p.m., unless the voting system is technologically unable to do so. If necessary, partial absentee results may be uploaded by the county. If the board uploads partial absentee results at 8:00 p.m., the board must not double-report the initial upload. Contact the board’s voting system vendor if you need technical assistance. The board must enter zero (0) precincts reporting when it uploads its first absentee results.

C. MAXIMUM TIME BETWEEN ENR REPORTS

ENR begins with the first upload of absentee results by 8:00 p.m. and will continue at the assigned time throughout the night. After the board uploads its first summary election results, it must report on the following time increment assigned to the county:

1. **“Half-Hour” Counties** - *Allen, Ashtabula, Athens, Belmont, Butler, Clark, Clermont, Columbiana, Cuyahoga, Delaware, Erie, Fairfield, Franklin, Geauga, Greene, Hamilton, Hancock, Jefferson, Knox, Lake, Lawrence, Licking, Lorain, Lucas, Mahoning, Marion, Medina, Miami, Montgomery, Muskingum, Portage, Richland, Ross, Sandusky, Scioto, Stark, Summit, Trumbull, Tuscarawas, Union, Warren, Washington, Wayne, and Wood Counties.*

⁵ [R.C. 3505.27\(C\)](#).

“Half-hour” counties must report at each half-hour (e.g., 8:30 p.m., 9:00 p.m., 9:30 p.m., etc.), beginning at 8:30 p.m., the first half-hour that follows the upload of the board’s absentee summary election results at 8:00 p.m., then on every half hour after and continuing until all precincts report results.

The board must notify the Secretary of State personnel if, as the board approaches full reporting, one or more precincts did not report and it is more than 30 minutes since the last report, to explain the delay. Once 100 percent of the precincts have reported, boards must enter final vote tallies into the ENR system. The board does not have to wait until its designated reporting time (noted above) before reporting the final results.

2. “Hourly” Counties

Adams, Ashland, Auglaize, Brown, Carroll, Champaign, Clinton, Coshocton, Crawford, Darke, Defiance, Fayette, Fulton, Gallia, Guernsey, Hardin, Harrison, Henry, Highland, Hocking, Holmes, Huron, Jackson, Logan, Madison, Mercer, Meigs, Monroe, Morgan, Morrow, Noble, Ottawa, Paulding, Perry, Pickaway, Pike, Preble, Putnam, Seneca, Shelby, Van Wert, Vinton, Williams, and Wyandot Counties.

“Hourly” counties must report summary election results at the top of every hour, as specified above, and continue until all precincts have reported. If the board reports more frequently, it must still report on the hour.

The board must notify the Secretary of State personnel if, as the board approaches full reporting, one or more precincts did not report and it is more than 60 minutes since the last report, to explain the delay. Once 100 percent of the precincts have reported, boards must enter final vote tallies into the ENR system. The board does not have to wait until its designated reporting time (noted above) before reporting the final results.

D. SUPPLEMENTAL STATISTICS

Boards of elections must provide supplemental statistics upon reporting the county’s last precinct or shortly thereafter. **Boards must promptly report vote totals, even if supplemental statistics are not yet available.** Upload the election results, then submit the statistics when ready.

The required supplemental statistics are as follows:

Counted Ballots

- Total number of regular ballots counted from Election Day precincts (not including absentee ballots).

III. SUMMARY AND FINAL REPORTS

Boards of elections must follow the procedures outlined in [Chapter 10, Section 10.02](#) of the

Election Official Manual for reporting summary results and submitting final summary reports in even-numbered year elections. The required reports and forms (listed below) for the Unofficial Canvass and the instructions and deadline for submission will be provided to boards of elections via email before Election Day:

1. Unofficial Vote Total Summary Report;
2. Group Detail Report;
3. Write-In Report;
4. Most Populous Report(s) (when applicable); and
5. Signature Form.

In addition to the Unofficial Vote Total Summary Report submitted on Election Night, each board must print Current County Results from the CSS, proof to the Unofficial Vote Total Summary Report, and email the Current County Results along with the Report to Results@OhioSoS.gov. Instructions outlining this requirement will be provided separately. All final summary reports, and Group Detail Report must be transmitted to the Elections Division via email to Results@OhioSoS.gov.

On Election Night, once the Secretary of State's Office receives, reviews, and compares the board's Unofficial Vote Total Summary Report, and Group Detail Report, a Secretary of State staff member will contact the Director.

The Director and Deputy Director must not leave the office until the assigned Secretary of State staff member contacts the Director to confirm that its reports have been received and reviewed to ensure the results match. The Director is responsible for releasing the board's staff.

PART TWO – POST-ELECTION CURE PERIOD

Each board of elections must be open to the public on each of the seven calendar days immediately following Election Day, and during the hours specified below, in order to allow voters to cure a deficiency on an absentee or provisional ballot, as provided for in state law:⁶

- | | |
|-------------------------------------|------------------------|
| • Wednesday, August 3 rd | 8:00 a.m. – 5:00 p.m. |
| • Thursday, August 4 th | 8:00 a.m. – 5:00 p.m. |
| • Friday, August 5 th | 8:00 a.m. – 5:00 p.m. |
| • Saturday, August 6 th | 8:00 a.m. – 12:00 p.m. |
| • Sunday, August 7 th | 1:00 p.m. – 5:00 p.m. |
| • Monday, August 8 th | 8:00 a.m. – 5:00 p.m. |
| • Tuesday, August 9 th | 8:00 a.m. – 5:00 p.m. |

Whenever a board of elections receives an absentee ballot identification envelope that is missing required information or that contains information that does not conform to the voter's registration record,

the board must follow the instructions set forth in [Chapter 7, pages 228 to 230](#) of the Election Official Manual.

For absentee voters, a board of elections must receive a completed [Form 11-S](#) to cure a deficiency by the 7th day after the election, or the Form 11-S must be postmarked by the 7th day after the election and received by the 10th day after the election.

If a board of elections has no voters with a deficiency on their absentee or provisional ballot after Election Day (i.e., there is nothing *possible* to cure for any voter that cast a ballot in the election) or all deficiencies have been cured, the board may return to its normal operating hours for the remainder of the cure period.

PART THREE – OFFICIAL CANVASS

IV. TIMELINE FOR OFFICIAL CERTIFICATION

Boards of elections may begin the Official Canvass of the August 2, 2022 Primary/Special Election no earlier than the 11th day after the election (**Tuesday, August 13, 2022**) and must begin no later than the 15th day after the election (**Wednesday, August 17, 2022**). Each board must complete its Official Canvass and certify no later than the 21st day after the election (**Tuesday, August 23, 2022**).⁷

V. PRE-CANVASS AND CANVASS ACTIVITY

Boards of elections must follow the instructions for pre-canvass activity that are outlined in [Chapter 10, Section 10.03](#) of the Election Official Manual. Boards must also follow the rules and procedures outlined in [Chapter 10, Section 10.04](#) of the Election Official Manual for conducting the Official Canvass. Each board must reconcile results with records from the poll books and the voter registration system to ensure that only one ballot per voter is counted.⁸ This includes ensuring that all returned absentee ballots are logged in the voter registration system and reconciling the list of voters whose ballots were returned with the number of physical ballots returned.

Boards must wait until the 11th day after the election to examine provisional ballot affirmations to determine the eligibility of provisional ballots to be counted. Board members must vote on the eligibility of every provisional ballot cast in the county for this election. It is rare, but possible for a military or overseas voter to be issued a provisional ballot by mail.⁹ If the board issues a provisional ballot to a military or overseas voter and it is returned by mail no later than the 20th day after the election, the board must vote on its eligibility for counting before proceeding with the Official Canvass. No earlier than the start of the Official Canvass on August 23, 2022, the board may open the provisional ballot envelopes and count the ballots that are eligible for counting.¹⁰

Pursuant to [R.C. 3505.32](#), board members and employees are prohibited from disclosing partial or final results of any contest in the election between the completion of the Unofficial Canvass and the certification of official results.

VI. FORMS FOR OFFICIAL CERTIFICATION

After the Unofficial Canvass, our Office will provide the forms for reporting official results. All certifications and reports must be signed by the appropriate board personnel before the board submits them to our Office, another board of elections, or another public entity. The board may not use digital or stamped signatures for these reports. Each board of elections must submit the signature form to certify the Official Election Results, including the Supplemental Reports for both Absentee Ballots and Provisional Ballots, to the Secretary of State's Office.

E. CERTIFICATION AND REPORTING OF OFFICIAL RESULTS¹¹

After a board completes its Official Canvass, it must email Results@OhioSoS.gov a copy of the official vote total summary report generated by the board's voting system. This report must be clearly labeled "[County]'s Official Canvass," and it must contain *only* vote totals for that county.

The board of elections for the most populous county of any multi-county jurisdiction or district must generate a separate report from its voting system, create a report outside of its voting system, or use a reporting form which will be provided after the Unofficial Canvass. This report must be clearly labeled "[County's] Official Canvass – Most Populous County." The report must include the total number of votes recorded for the office, question, or issue from each county in a multi-county jurisdiction and the sum total for all counties. The board must clearly mark the contest(s) for which a board is the most populous county to clearly identify it as a contest contains vote totals from other counties. The board must email the report(s) to Results@OhioSoS.gov.

F. ABSENTEE AND PROVISIONAL BALLOT SUPPLEMENTAL REPORT

State law requires the Secretary of State to publish a report on the number of absentee and provisional ballots cast and counted for the election in each county.¹² Each board of elections must provide this supplemental data for absentee and provisional ballots. Our Office will provide the reporting forms after the Unofficial Canvass.

G. CERTIFICATE OF OFFICIAL SUMMARY RESULTS FOR LIQUOR OPTION QUESTIONS AND LOCAL QUESTIONS AND ISSUES

Each board of elections must send a completed copy of [Secretary of State Form No. 126-B](#) to the Secretary of State's Office via email to Results@OhioSoS.gov and a copy of the completed form to the Ohio Division of Liquor Control via email: LiquorLicensingMailUnit@com.state.oh.us or by mailing to the following address:

Division of Liquor Control
6606 Tussing Road
Reynoldsburg, Ohio 43068-9005

The board of elections (most populous county only if it is a multi-county issue) must certify the results of an election on tax levies and bond issues to the following offices and agencies:

- The county auditor of each county in which the election was held.

¹¹ [R.C. 3505.30](#).

¹² [R.C. 3501.05\(Y\)](#).

- The fiscal officer of the subdivision in which the election was held.
- The Tax Commissioner of the State of Ohio via email at: DTE@tax.state.oh.us.
- The Secretary of State.

The board of elections of the most populous county must certify the results of an election on a school district income tax on [Secretary of State Form 125-A](#) to the following offices and agencies:

- The board of education that placed the issue on the ballot.
- The Tax Commissioner of the State of Ohio via email at DTE@tax.state.oh.us.
- The Secretary of State.

VII. TIMELINE FOR REPORTS

No later than 2:00 p.m. on **Friday, August 26, 2022**, the Secretary of State's Office must receive each of the following:

- Certification report and signature form;
- Write-In Report;
- Report forms;
- Electronic turnout detail by precinct;
- SOVC report; and
- Group Detail Report.

Each board must submit these reports to Results@OhioSoS.gov as soon as the board completes its official certification. Boards must not delay submitting the official certification forms because of a recount for any race or issue. Every board must maintain a copy of each of its completed certification and report forms.

VIII. CERTIFICATES OF ELECTION AND/OR NOMINATION

Each board of elections must follow the instructions for issuing certificates of election and/or nomination that are contained in [Chapter 10, Section 10.04](#), of the Election Official Manual.

IX. RECOUNTS

Before scheduling and conducting a recount, please review the procedures set forth in state law and [Chapter 11, Section 11.02](#) of the Election Official Manual. The deadline for a candidate or group to request a recount is five days after the certification of official results. A recount must take place no later than ten days after an application for a recount is filed or an automatic recount is declared.¹³

The Secretary of State's Office will provide the boards a spreadsheet along with the Official Canvass report forms. Boards must complete the spreadsheet to notify the Secretary of State of a recount. All boards must complete the survey, regardless of whether there is a recount in their county. If the board must conduct a recount, the board must provide the information regarding the recount in the spreadsheet provided by the Secretary of State's Office when the board emails the completed Official Canvass Report

¹³ [R.C. 3515.02](#) and [R.C. 3515.03](#).

forms.

If the recount to be conducted is for a multi-county jurisdiction, the Secretary of State's Office will issue the notice of recount after receiving notice from the most populous county. If a recount changes vote totals, the board of elections must submit a properly completed and signed amended certification and abstract to Results@OhioSOS.gov.

X. POST-ELECTION AUDITS

Ohio law requires every board of elections to conduct a post-election audit¹⁴ The law generally requires boards to audit not less than three contested races, questions, or issues, as directed by the Secretary of State. If fewer than three contested races, questions, or issues appear on the ballot at the election, then the board must audit every contested race, question, and issue. Before scheduling and conducting the post-election audit, please review the procedures set forth in state law and [Chapter 11, Section 11.03](#) of the Election Official Manual. The timeline for post-election audits depends on whether there is a recount, as explained below:

1. **If there is no recount:** The audit may start six days after the official results are declared and must be completed by the 21st day after that declaration. The board has five days after completion to certify those audit results to the Secretary. A form will be offered for certifying audit results.
2. **If there is a recount:** The audit must begin immediately after the board certifies the results of the recount and be complete within 14 days. The board has five days after completion to certify those audit results to the Secretary.

After Election Day, the Secretary of State's Office will provide more instructions for the post-election audit.

XI. VOTER HISTORY

All boards must upload voter history for the August 2, 2022 Primary/Special Election to the Statewide Voter Registration Database no later than 14 days after the board's official certification. Counties with more than 100,000 registered voters must email SWVRD@OhioSoS.gov to schedule their upload in advance. The election name to submit the history for the election is **2022_AUG_PRIM**.

For purposes of assigning voter history, a voter record should be marked as having voted in an election, only if any of the following are true:¹⁵

- The voter signed the signature poll book on Election Day.
- The voter was issued an absentee ballot in-person during the period for in-person absentee voting.
- The voter timely returned the voter's identification envelope (including UOCAVA and Federal Write-In Absentee Ballot (FWAB)), regardless of whether the ballot was eligible to be counted.
- The voter is an eligible elector of the State of Ohio and cast a provisional ballot, regardless of whether the ballot was eligible to be counted. **If a provisional ballot affirmation is used to register an individual to vote, the newly registered voter should be assigned**

¹⁴ [R.C. 3505.331](#).

¹⁵ [Election Official Manual Chapter 10](#), page 316.

voter history for casting a provisional ballot.

Following each primary election, a board of elections must program its county voter registration system to reflect a voter's party affiliation in accordance with [R.C. 3513.05](#).

XII. RETENTION OF BALLOTS

Boards must retain all ballots prepared for an election for at least 60 days following the election.¹⁶ If the board uses a voting system and software that captures images of ballots as they are scanned by a high-speed scanner, those images may be subject to disclosure pursuant to a public records request and must be retained.¹⁷ Accordingly, consult with the county prosecuting attorney regarding their retention.

PART FOUR – OPEN MEETINGS DURING THE CANVASS

Consistent with [R.C. 3505.30](#), board members must remain in session from the time of the opening of the polls on Election Day until the results of the election are received from every precinct in the county and such results are communicated to the Secretary of State. Board members must also meet to adjudicate the validity of provisional ballots, certify the official results of the election, and certify the results of any recount or post-election audit.

Boards should work with their technical points of contact (i.e., IT professionals) to determine whether livestreaming meetings is an option, including whether there is enough bandwidth to allow for public viewing. To the maximum extent possible, any livestream of board meetings should be advertised on social media and include video of the staff undertaking duties that would normally be observable by members of the public if they were physically present at the meeting.

PART FIVE –SECURE RECEPTACLES

For the August 2, 2022 Primary/Special Election, boards of elections must follow the same rules and procedures set forth in [Directive 2021-10](#) for the use of secure receptacle(s) outside the county board of elections. A bipartisan team must retrieve the contents of the secure receptacle upon all of the following deadlines:

- (1) Voter registration deadline: **Tuesday, July 5, 2022** at 9:00 p.m.
- (2) Absentee ballot application deadline: **Saturday, July 30, 2022** at 12:00 noon; and
- (3) Personal delivery absentee ballot deadline: **Tuesday, August 2, 2022** at 7:30 p.m.

If you have any questions regarding this Directive, please contact the Secretary of State's elections counsel at (614) 728-8789.

Yours in service,

Frank LaRose
Ohio Secretary of State

Agenda Item #3

VOTE CUYAHOGA COUNTY BOARD OF ELECTIONS

August 2, 2022 Primary Election

Final Ballot Order

The following is the ballot order for the August 2, 2022 Primary Election. The administration has reviewed and revised the order considering future filing deadlines and changes in voter registration.

The Cuyahoga County Board of Elections Election Day proposed ballot order is based upon the following factors:

- 150% of active Democratic voters for all active voters compared to 125% of the turnout from the 2010, 2014 and 2018 plus 115% of Provisionals cast in those elections for the Gubernatorial Primary Elections. Whichever total was greater, that was used to create the Final Ballot Order.
- 150% of active Republican voters for all active voters compared to 125% of the turnout from the 2010, 2014 and 2018 plus 115% of Provisionals cast in those elections for the Gubernatorial Primary Elections. Whichever total was greater, that was used to create the Final Ballot Order.
- 30% of active Nonpartisan or unaffiliated voters compared to 125% of the turnout from the 2010, 2014 and 2018 plus 115% of Provisionals cast in those elections for the Gubernatorial Primary Elections. Whichever total was greater, that was used to create the Final Ballot Order.

Additionally, 50 ballots from the Democratic ballot set, 25 ballots from the Republican ballot set and 25 ballots from the Nonpartisan (Questions & Issues) ballot set each were ordered for Early In-Person voting. A Nursing Home order was placed based on the number of registered voters for both parties at each nursing home located within the precinct. For Hospital voting, 2 ballots from each party for each precinct were ordered.

The complete order can be found below.

RESOLUTION NO: 2022 - 092

BY: Mayor Perciak and All Members of Council

A RESOLUTION REPEALING RESOLUTION NOS. 2022-077 AND 2022-086; DECLARING IT NECESSARY TO RENEW AN EXISTING 0.4-MILL TAX LEVY FOR THE PURPOSE OF CONSTRUCTING, RECONSTRUCTING AND RENOVATING STORM SEWERS AND STORM DRAINAGE DITCHES AND REQUESTING THE CUYAHOGA COUNTY FISCAL OFFICER TO CERTIFY THE TOTAL CURRENT TAX VALUATION OF THE CITY AND THE DOLLAR AMOUNT OF REVENUE THAT WOULD BE GENERATED BY THAT RENEWAL LEVY, PURSUANT TO SECTIONS 5705.03 AND 5705.19(F) OF THE REVISED CODE, AND DECLARING AN EMERGENCY.

WHEREAS, at an election on November 7, 2017, the City's voters approved the renewal of an existing 0.4-mill ad valorem tax levy in excess of the ten-mill limitation for the purpose of constructing, reconstructing and renovating storm sewers and storm drainage ditches, for five years; and

WHEREAS, the authority to levy that 0.4-mill tax expires with the levy on the 2022 tax list and duplicate for collection in calendar year 2023; and

WHEREAS, this Council finds that the amount of taxes which may be raised within the ten-mill limitation by levies on the current tax duplicate will be insufficient to provide an adequate amount for the necessary requirements of the City and that, in accordance with Section 5705.19(F) of the Revised Code, it is necessary to renew the existing 0.4-mill tax in excess of that limitation for the purpose of constructing, reconstructing and renovating storm sewers and storm drainage ditches, for five years; and

WHEREAS, in accordance with Section 5705.03(B) of the Revised Code, in order to submit the question of a tax levy pursuant to Section 5705.19(F), this Council must request that the Cuyahoga County Fiscal Officer certify the (i) total current tax valuation of the City and (ii) dollar amount of revenue that would be generated by the levy; and

WHEREAS, in accordance with Section 5705.03(B), upon receipt of a certified copy of a resolution of this Council declaring the necessity of a tax, stating its purpose, whether it is an additional levy, a renewal or a replacement of an existing tax, or the renewal or replacement of an existing tax with an increase or a decrease, the Section of the Revised Code authorizing the submission of the question of the tax, the term of years of the tax (or that it is for a continuing period of time), that the tax is to be levied upon the entire territory of the City, the date of the election at which the question of the tax shall appear on the ballot, that the ballot measure shall be submitted to the entire territory of the City, the tax year in which the tax will first be levied and the calendar year in which it will be first collected and each county in which the City has territory, and requesting such certification, the Cuyahoga County Fiscal Officer is to certify the (i) total current tax valuation of the City and (ii) dollar amount of revenue that would be generated by the specified number of mills;

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF STRONGSVILLE, COUNTY OF CUYAHOGA, OHIO, THAT:
