Agenda Item 11: Authorization to pay: 158 Voting Location Managers x \$200 = \$31,600; 173 Voting Location Deputies x \$200 = \$34,600; 1,679 Precinct Election Officials x \$172.10 = \$288,955.90; 158 Sanitation Officials x \$200 = \$31,600; 75 Election Substitute Officials x \$100 = \$7,500, for the August 3, 2021, Special Congressional Primary Election.

Chairman Hastings moved to authorize to pay: 158 Voting Location Managers x \$200 = \$31,600; 173 Voting Location Deputies x \$200 = \$34,600; 1,679 Precinct Election Officials x \$172.10 = \$288,955.90; 158 Sanitation Officials x \$200 = \$31,600; 75 Election Substitute Officials x \$100 = \$7,500, for the August 3, 2021, Special Congressional Primary Election. Board Member Wondolowski seconded. The motion passed unanimously.

Agenda Item 12: Authorization to process payment in the amount not-to-exceed \$15,575.00 for 55 private voting locations being used for the August 3, 2021, Special Congressional Primary Election.

Chairman Hastings moved to authorize to process payment in the amount not-to-exceed \$15,575.00 for 55 private voting locations being used for the August 3, 2021, Special Congressional Primary Election. Board Member Wondolowski seconded. The motion passed unanimously.

Agenda Item 13: Final authorization for the allocation of voting booths for the August 3, 2021, Special Congressional Primary Election. Allocation quantities are based on social distancing and room size per polling location. A total of 2,319 voting booths will be allocated + 460 DS200 precinct scanners + 157 ADA AutoMark voting units and 632 Electronic Poll books.

Chairman Hastings asked if any of these voting locations were where voters experienced long lines in the 2020 Election due to social distancing and reduced electronic poll books. Director Perlatti stated yes, and actions have been taken to increase the number of poll books and reduce the number of voting booths to make accommodations for the additional poll books. The longest delay is at the check-in table to vote, not at the voting booths. Board Member Davis Chappell asked if there were any changes to curbside voting. Director Perlatti stated there are not any issues anticipated regarding curbside voting. In 2021, there has been an increase in curbside voting from previous years, but not to the extent of the 2020 General Election. Director Perlatti further stated there has been increased training on curbside voting for poll workers, and more poll books are available for processing voters and the polling locations are better prepared. Board Member Wondolowski asked if there should be a change in the mask mandate and if the CCBOE is ready with supplies to be sent to the voting locations. Director Perlatti answered yes, working with other county agencies the CCBOE is prepared for a mask mandate.

Chairman Hastings moved to authorize the allocation of voting booths for the August 3, 2021, Special Congressional Primary Election. Allocation quantities are based on social distancing and room size per polling location. A total of 2,319 voting booths will be allocated + 460 DS200 precinct scanners + 157 ADA AutoMark voting units and 632 Electronic Poll books. Board Member Wondolowski seconded. The motion passed unanimously.

Agenda Item 14: Approval for the Voter Information Guide to all active voters for the September 14, 2021, Primary Election.

Chairman Hastings moved to approve the Voter Information Guide to all active voters for the September 14, 2021, Primary Election. Board Member Wondolowski seconded. The motion passed unanimously.

Agenda Item 15: Approval of voucher

Chairman Hastings moved to approve the voucher. Board Member Wondolowski seconded. The motion passed unanimously.

NEW BUSINESS

Update on August 3, 2021, Special Congressional Primary Election

Director Perlatti stated the vote-by-mail process is going well. The return of vote by mail (“VBM”) ballot application are exceeding earlier CCBOE projections. When a ballot application is mailed, the voter is provided with instructions on correctly completing the application, including choosing either a Democratic or Republican ballot. The most common error on the applications for this election is not selecting a party affiliation. Without a party being selected, the CCBOE cannot send out a ballot. If a phone number or email address is listed on the application, the CCBOE is contacting the voter to resolve the issue. Otherwise, a new application and a letter requesting a ballot type be selected are mailed to the voter. To address this matter the CCBOE continues to work with community partners and the media. The information is regularly posted on social media to inform voters to indicate a party when requesting a ballot. As of today, over 5,600 ballots have been returned to the CCBOE, which is 28%. The CCBOE anticipates a 90% return rate for ballots mailed to voters. Early in-person voting is going well, to date, there has been over 1,400 voters for the early in-person voting. The CCBOE has hired 110% of the required amount of poll workers, with the focus on getting people into the training. There are 73% of poll workers trained, and the CCBOE has a goal of training 100 potential poll workers per day through Sunday, July 25th. Board Member Davis Chappell asked what percentage of poll workers were new. Director Perlatti stated approximately 25% would be new poll workers. Voting equipment is currently being delivered to the voting locations by Berman's Moving. Electronic Poll Books are going through final testing and being prepared for distribution to the polls on Monday, August 2nd. There is a need for election night workers, and Director Perlatti requested assistance from the board members in identifying possible resources for Election Night.

Biennial Budget

Director Perlatti provided information on the timeline required for approval of the CCBOE biennial budget and the projected items to be included in the budget. In addition to the operations budget, funding proposals will be ongoing for maintenance costs on equipment purchased through the CTCL Grant. The budget will consist of a cost-of-living wage increase for CCBOE permanent employees, an hourly wage increases for temporary employees and increasing the pay for poll workers. Other items include extending the rental of a backup generator during election cycles, higher postal costs, and increasing the amount private polling locations are paid. Additional initiatives include purchasing new voting equipment and ancillary supplies needed, devices, and support needed for cybersecurity. Also included in the biennial budget are capital projects and ongoing maintenance for building issues, as well as the cost of replacing the CCBOE Poll Books due to enhanced cybersecurity measures.

Update on investigation regarding petitions for Justin Bibb

Director Perlatti stated that Justin Bibb was certified to the ballot as a candidate for the City of Cleveland Mayoral race. During the certification process, CCBOE staff found several part petitions with one or more addresses crossed off, and a new address written. The new address was not initialed, and the penmanship did not match the circulator or the voter signatures. Assistant Prosecutor Musson stated the Prosecutors office worked with the campaign and obtained six affidavits from the circulators indicating that the strike-offs were not on the petitions when the circulators turned in the petitions to the campaign. The campaign also provided an affidavit describing their process for collecting the petitions and indicated there was only one individual who had sole custody of the petitions prior to filing the petitions with the CCBOE. There is an inference that the one individual with the campaign crossed checked the addresses with the CCBOE voter registration system and allegedly struck out incorrect addresses and wrote the correct addresses that matched the voter's registration address. Board Member Wondolowski asked when a person writes their signature on the petition is someone else allowed to fill out the rest of the information. Assistant Prosecuting Attorney Musson stated the law says that the signer needs to enter their address. There is a Supreme Court case citing that if the signer leaves information blank, the signer is giving "implied or expressed consent" for someone else to enter the address unless there is something that contradicts the "implied consent." The petitions for Justin Bibb have the signers writing their addresses, then at a later date, somebody else striking it out and writing a different address that matches the voter registration system. Therefore, there is no indication of implied consent to alter the signer's address. Chairman Hastings stated that Mr. Ryan Puente, Campaign Manager for Justin Bibb, provided an affidavit stating that Mr. Kenn Johnson was responsible for collecting and verifying petition signatures. Chairman Hastings asked if anyone from the CCBOE had spoken with Mr. Johnson. Assistant Prosecuting Attorney Musson indicated no. Chairman Hastings stated that for a complete investigation to occur, the CCBOE should issue a subpoena and require Mr. Johnson to come to the next CCBOE Board Meeting.

Chairman Hastings made a motion to subpoena and request Mr. Johnson to attend the August 16th Board meeting. Board Member Stickman seconded. The motion passed unanimously.

Director Perlatti asked the Board Members to approve that the unaltered address of a registered voter that signed a part petition containing the altered address of another individual be given voter activity by CCBOE staff. Chairman Hastings asked Assistant Prosecutor Musson if there is any reason why the CCBOE should not update the voter activity for those registered voters whose addresses were not altered. Mr. Musson stated that the remedy for when you strike an improper signature from a petition is to count the remaining valid signatures.

Board Member Davis Chappell made a motion not to deny people that actively participated in the process to get credit for having signed a petition and be given credit for having voter activity. Chairman Hastings seconded. The motion passed unanimously.

Public Comment

Ohio Secretary of State Frank LaRose made a public comment to thank the CCBOE staff for all the great, professional, and hard work done every day. Chairman Hastings thanked Secretary of State LaRose for his leadership and helped recruiting poll-workers for the November 2020 election. Secretary of State LaRose stated the five-poll worker recruiting programs implemented in 2020 were all suggestions from the election officials throughout the state that resulted in 56,000 poll workers state-wide, a record-breaking number. Board Member Davis Chappell extended her thanks for the Secretary of State's Mentorship Program, allowing board members from across the state to interact and connect with peers.

Agenda Item 16: Approval of the personnel agenda.

Chairman Hastings made a motion to go into executive session for the purpose of discussing employment of a public employee at 11:05 a.m. Board Member Stickan seconded, and a roll call vote was taken, and all Board Members voted in the affirmative. The motion passed unanimously.

At 11:26 a.m., after returning from Executive Session, Chairman Hastings made a motion to come out of the executive session. Board Member Wondolowski seconded, and a roll call vote was taken, and all Board Members voted in the affirmative.

Chairman Hastings moved to approve the personnel agenda as presented in the Board packet. Board Member Wondolowski seconded. The motion passed unanimously.

Chairman Hastings moved to recess the meeting at 11:28 a.m. Board Member Wondolowski seconded. The motion passed unanimously.

Certification: I have reviewed the above minutes and certify that they are an accurate summary of the actions taken by the Cuyahoga County Board of Elections at its meeting held on **July 21, 2021**.

Village of Cuyahoga Heights

- Repealed Ordinance 2021-43 which contained multiple ballot issues
- Filed new Ordinances 2021-46, 2021-47, 2021-48 to replace Ordinance 2021-43

ORDINANCE NO. 2021-46

INTRODUCED BY: BLOAM CENTA CONTIPELLI HARRIS HENLEY SCHOEFFLER

AN ORDINANCE SUBMITTING TO THE ELECTORS OF CUYAHOGA HEIGHTS A PROPOSAL TO AMEND ARTICLE 2, SECTIONS 1, 1A, 1B, 2, 3, AND 4 OF THE CHARTER OF THE VILLAGE OF CUYAHOGA HEIGHTS.

WHEREAS, Article XVIII, Section 9 of the Ohio Constitution authorizes a municipal legislative authority to present proposed charter amendments to the electors of a municipality when such amendments are approved for presentation to the electors by a two-thirds majority of Council;

WHEREAS, pursuant to Article XVIII, Section 9 of the Ohio Constitution, Council desires to present certain amendments to the Charter of the Village of Cuyahoga Heights to the electors of the Village for consideration at the November 2, 2021 general election.

NOW, THEREFORE, BE IT ORDAINED by the Council of the Village of Cuyahoga Heights, County of Cuyahoga, State of Ohio, that:

SECTION 1. That Ordinance No. 2021-43 is hereby repealed in its entirety.

SECTION 2. There is submitted to a vote of the qualified electors of Cuyahoga Heights at the November 2, 2021 General Election at the regular places of voting in Cuyahoga Heights during regular hours of voting on such date as prescribed by general law, proposed amendments to Article 2 Sections 1, 1A, 1B, 2, 3, and 4 of the Village's Charter as follows:

"ARTICLE II. ELECTIVE OFFICERS

SECTION 1. ELECTIVE OFFICIALS.

The elective officials of the Village shall be the Mayor, the Clerk and six (6) Council Members elected at large. Said officials shall be elected at the time and in the manner provided by law for the election of Village officials commencing on January 1, following their election as follows:

a. Commencing with the regular municipal election in 2009, the Mayor shall be elected for a term of four (4) years and every fourth year thereafter commencing on the first day of January next following such election, and shall serve until his or her successor is duly elected and qualified.

~~b. Commencing at the regular municipal election in 2009, the Clerk shall be elected for a term of four (4) years and every fourth year thereafter commencing on the first day of January next following such election, and shall serve until his or her successor is duly elected and qualified.~~

~~e.~~ b. Commencing at the regular municipal election in 2017, Council Members shall be elected in a manner creating staggered terms of four (4) years. The terms of Council Members shall be staggered such that the three (3) individuals who receive the highest vote totals at the regular municipal election in 2017 shall be elected for a four (4) year term and every four years thereafter. The three (3)

individuals who achieve the next three (3) highest vote totals (i.e., members receiving the fourth, fifth and sixth highest vote totals) in the regular municipal election in 2017 shall serve a two (2) year term. At the regular municipal election in 2019, the three (3) individuals who receive the three (3) highest vote totals in that election shall be elected to four (4) year terms and every fourth year thereafter.

ARTICLE II. ELECTIVE OFFICERS

SECTION 1A. QUALIFICATIONS FOR OFFICE OF CLERK.

~~—The Clerk shall hold a minimum of a two (2) year degree in Accounting, Finance or Business Administration from an accredited college or university and have a minimum of two (2) years of recent and relevant business experience. The Law Director shall confirm a candidate's qualification for office.~~

ARTICLE II. ELECTIVE OFFICERS

SECTION 1B. VACANCY IN OFFICE OF CLERK DURING THE TERM OF OFFICE.

~~—In the event that the Clerk's office shall become vacant during the term of office, the Mayor, with the approval of Council, shall appoint an otherwise qualified Village resident having the qualifications for the office of the Clerk set forth in Section 1A hereof for the remainder of the unexpired term. If the Mayor is unable to appoint a qualified Village resident who possesses the qualifications required for the office of Clerk as set forth in Section 1A hereof, the Mayor, with the approval of Council, shall hire a person to the position of Finance Director who possesses the qualifications of Section 1A hereof and who shall perform the duties of Clerk for the remainder of the unexpired term of the vacant office of Clerk.~~

ARTICLE II. ELECTIVE OFFICERS

SECTION 2. VACANCIES.

In the event that the Mayor-elect or Clerk-elect fails to take office on the date set for the commencement of their term by reason of death, resignation, failure to qualify or for any other reason whatsoever, there shall be deemed a vacancy in said office as of the date set for the commencement of the term for which such officer was elected.

During the existence of any such vacancy in the office of Mayor, pending the time when said vacancy is filled by a special Municipal election as hereinafter provided, the duties of the office of Mayor shall be discharged by the President Pro Tem of the newly elected Council. ~~During the existence of any such vacancy in the office of Clerk, pending the time when said vacancy is filled by a special Municipal election, as hereinafter provided, the duties of the office shall be discharged by a person appointed by the Mayor.~~

ARTICLE II. ELECTIVE OFFICERS

SECTION 3. SPECIAL MUNICIPAL ELECTIONS.

A special Municipal election to fill the vacancy of the office of Mayor-elect or Clerk-elect, as aforesaid, shall be held on the first Tuesday after sixty days from the date on which said vacancy occurs. The person so elected at said special Municipal election shall assume the office to which he or she is elected immediately upon certification by the Board of Elections of Cuyahoga County that he or she was elected and his or her qualification, and he or she shall serve the unexpired term of the vacant office to which he or she is elected.

The name of any qualified candidate for an office for which a special Municipal election is to be held shall be printed upon the ballot for such election when a petition conforming to the requirements of the general laws of the State of Ohio is filed with the Board of Elections of Cuyahoga County at least forty days prior to the date of the special Municipal election.

Within five days of the occurrence of the vacancy as defined in Section 2 hereof, Council shall convene and officially cause written notice to be immediately delivered to the Board of Elections of Cuyahoga County advising such Board of Elections of the existence of the vacancy and the need for a special Municipal election to be held pursuant to the provisions of this Section 3.

The candidate receiving the largest number of votes for such office voted upon at a special Municipal election shall be declared elected to such office.

In the event of a tie, the election authorities shall determine by lot which of said candidates shall be elected.

ARTICLE II. ELECTIVE OFFICERS

SECTION 4. DUTIES AND POWERS.

The Mayor, Clerk and Council members shall exercise the powers and perform the duties prescribed by this chapter and by ordinance, and in addition thereto all other powers and duties now or hereafter prescribed by general law insofar as not inconsistent therewith.

SECTION 3. The Clerk of Council is authorized and directed to submit a certified copy of this Ordinance to the Cuyahoga County Board of Elections not less than sixty (60) days prior to the November 2, 2021 General Election for submission to the qualified electors of Cuyahoga Heights.

SECTION 4. The ballot language for the amendments set forth in Section 1 of this Ordinance is recommended to read substantially as follows:

“PROPOSED CHARTER AMENDMENT
VILLAGE OF CUYAHOGA HEIGHTS
BALLOT ISSUE #2

Shall Article II, Sections 1, 1A, 1B, 2, 3, and 4 of the Charter of the Village of Cuyahoga Heights be amended, as recommended by the Council of the Village of Cuyahoga Heights, to eliminate the elected office of Clerk of Council?

- FOR THE AMENDMENT
- AGAINST THE AMENDMENT"

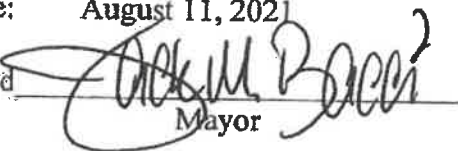

SECTION 5. Pursuant to Ohio Revised Code Section 731.211, the Clerk of Council shall give notice of the foregoing proposed Charter amendment to the electors of Cuyahoga Heights.

SECTION 6. This Ordinance is declared to be an emergency measure necessary for the immediate preservation of the public health, safety and welfare and for the further reason that this Ordinance must go into immediate effect in order to meet the deadline for submitting the same to the Cuyahoga County Boards of Elections at least sixty (60) days before the General Municipal Election on November 2, 2021 and to allow the Board of Elections to take all actions necessary to ensure the Council's proposed Charter amendments are presented to the electors of Cuyahoga Heights on November 2, 2021; wherefore, this Ordinance shall take effect and be in force immediately after its passage and approval by the Mayor; otherwise it shall take effect and be in force from and after the earliest period allowed by law.

On August 11, 2021

I, the undersigned, Clerk of Council, Village of Cuyahoga Heights, do hereby certify that there is no newspaper published or having the office of Publications in said Village and that I published the foregoing Ordinance or Resolution by posting the same in four places, Village Hall, Police Department, Fire Department, and Service Department in the said Village as defined by ordinance of the Council for a period of ten (10) days beginning August 12, 2021.

Robert Unger, Clerk of Council

ORDINANCE NO. 2021-47

INTRODUCED BY: BLOAM CENTA CONTIPELLI HARRIS HENLEY SCHOEFFLER

AN ORDINANCE SUBMITTING TO THE ELECTORS OF CUYAHOGA HEIGHTS A PROPOSAL TO AMEND ARTICLE I, SECTION 4 OF THE CHARTER OF THE VILLAGE OF CUYAHOGA HEIGHTS.

WHEREAS, Article XVIII, Section 9 of the Ohio Constitution authorizes a municipal legislative authority to present proposed charter amendments to the electors of a municipality when such amendments are approved for presentation to the electors by a two-thirds majority of Council;

WHEREAS, pursuant to Article XVIII, Section 9 of the Ohio Constitution, Council desires to present certain amendments to the Charter of the Village of Cuyahoga Heights to the electors of the Village for consideration at the November 2, 2021 general election.

NOW, THEREFORE, BE IT ORDAINED by the Council of the Village of Cuyahoga Heights, County of Cuyahoga, State of Ohio, that:

SECTION 1. That Ordinance No. 2021-43 is hereby repealed in its entirety.

SECTION 2. There is submitted to a vote of the qualified electors of Cuyahoga Heights at the November 2, 2021 General Election at the regular places of voting in Cuyahoga Heights during regular hours of voting on such date as prescribed by general law a proposed amendment to Article I, Section 4 of the Village's Charter as follows:

ARTICLE 1. POWERS

SECTION 4. SEWER USER CHARGES AND STORMWATER FEES.

The Council is authorized to establish a special fund to be known as the Sewer User Charge Fund into which there shall be deposited the sum of two hundred fifty thousand dollars (\$250,000) received from the Cleveland Regional Sewer District in Case Nos. 886594, 892711 and S.D. 69411 in the Court of Common Pleas of Cuyahoga County, Ohio. The Village Clerk Chief Fiscal Officer is authorized to pay from said Fund the sewer user charges and stormwater fees imposed by the Northeast Ohio Regional Sewer District, or any other duly established sewer authority, on residents of the Village either by direct reimbursement to the residents upon proof of payment or by entering into a contract with the Northeast Ohio Regional Sewer District, or any other duly established sewer authority, for the payment of the total of said sewer user charges and/or stormwater fees on such terms as may be agreeable to the parties. The Village Clerk Chief Fiscal Officer is directed to invest the moneys in said Fund which will not be required to be used immediately for the purposes set forth herein in obligations of this Village, in bonds or other obligations of the United States, bonds of the State of Ohio, bonds of any municipal corporation of the State of Ohio as to which there is no default in payment of principal or interest, or in such other investments or deposits as are authorized by the laws of the State of Ohio to be invested or deposited by a

municipal corporation. In the event that the moneys in said Fund including interest and return thereon are inadequate to pay the sewer user charges and/or stormwater fees levied on the residents of the Village, said Fund may be replenished to the extent deemed necessary by the Village Council from the proceeds of the Village Municipal Income Tax.

SECTION 3. The Clerk of Council is authorized and directed to submit a certified copy of this Ordinance to the Cuyahoga County Board of Elections not less than sixty (60) days prior to the November 2, 2021 General Election for submission to the qualified electors of Cuyahoga Heights.

SECTION 4. The ballot language for the amendments set forth in Section 1 of this Ordinance is recommended to read substantially as follows:

Clerk of Council

I, the undersigned, Clerk of Council, Village of Cuyahoga Heights, do hereby certify that there is no newspaper published or having the office of Publications in said Village and that I published the foregoing Ordinance or Resolution by posting the same in four places, Village Hall, Police Department, Fire Department, and Service Department in the said Village as defined by ordinance of the Council for a period of ten (10) days beginning August 12, 2021.

Robert Unger, Clerk of Council

ORDINANCE NO. 2021-48

INTRODUCED BY: BLOAM CENTA CONTIPELLI HARRIS HENLEY SCHOEFFLER

AN ORDINANCE SUBMITTING TO THE ELECTORS OF CUYAHOGA HEIGHTS A PROPOSAL TO AMEND ARTICLE V, SECTION 4 OF THE CHARTER OF THE VILLAGE OF CUYAHOGA HEIGHTS.

WHEREAS, Article XVIII, Section 9 of the Ohio Constitution authorizes a municipal legislative authority to present proposed charter amendments to the electors of a municipality when such amendments are approved for presentation to the electors by a two-thirds majority of Council;

WHEREAS, pursuant to Article XVIII, Section 9 of the Ohio Constitution, Council desires to present certain amendments to the Charter of the Village of Cuyahoga Heights to the electors of the Village for consideration at the November 2, 2021 general election.

NOW, THEREFORE, BE IT ORDAINED by the Council of the Village of Cuyahoga Heights, County of Cuyahoga, State of Ohio, that;

SECTION 1. That Ordinance No. 2021-43 is hereby repealed in its entirety

SECTION 2. There is submitted to a vote of the qualified electors of Cuyahoga Heights at the November 2, 2021 General Election at the regular places of voting in Cuyahoga Heights during regular hours of voting on such date as prescribed by general law, a proposed amendment to Article V, Section 4 of the Village's Charter as follows:

ARTICLE V. PROCEEDINGS OF COUNCIL

SECTION 4. APPOINTMENT AND PROMOTION OF FIREMEN AND POLICEMEN.

The Council shall may provide by ordinance for examinations to ascertain the merit and fitness of applicants for appointment and promotion in the Fire Department and Police Department and may also establish age, residency and other requirements for such appointments and promotions. Appointments in the Fire Department and Police Department may also be made by lateral transfer in accordance with established legislation.

SECTION 3. The Clerk of Council is authorized and directed to submit a certified copy of this Ordinance to the Cuyahoga County Board of Elections not less than sixty (60) days prior to the November 2, 2021 General Election for submission to the qualified electors of Cuyahoga Heights.

SECTION 4. The ballot language for the amendments set forth in Section 1 of this Ordinance is recommended to read substantially as follows:

**"PROPOSED CHARTER AMENDMENT
VILLAGE OF CUYAHOGA HEIGHTS**

BALLOT ISSUE #3

Shall Article V, Section 4 of the Charter of the Village of Cuyahoga Heights be amended, as recommended by the Council of the Village of Cuyahoga Heights, to read as follows:

Petitioner notified by email advising petition was insufficient and encouraged to withdraw.

8/6/2021

Board Chairman Hastings indicated to petitioner's attorney Mr. Neal of the process for filing a protest.

Note: One part-petition contained 29 signatures, but circulator stated only 18 signatures on the circulator clause. If this part petition were to be validated, petitioner would have the qualifying minimum required valid signatures.

The Ohio Secretary of State Election Officials Manual Chapter 11 Petitions states in part ***"Signature undercounting: If the number of signatures reported in the circulator's statement is less than the total number of uncrossed-out signatures submitted on the part-petition (e.g., the circulator's statement indicates 20 signatures witnessed, but there are 22 signatures on the part-petition, none of which were crossed out prior to the petition being filed), then the board must reject the entire part-petition.***¹⁹ (see footnote reference below)

The Ohio Secretary of State Guide to Local Liquor Options Elections - Petition Requirements states in part "On each petition paper, the circulator must indicate the number of signatures contained thereon and sign a statement, made under penalty of election falsification, that he or she witnessed the affixing of every signature, that all signers were to the best of his or her knowledge and belief qualified to sign, and that every signature is to the best of his or her knowledge and belief the signature of the person whose signature it purports to be or of an attorney in fact acting pursuant to R.C. 3501.382."

RECOMMENDATION: Petitioners petition does not have the qualifying minimum valid signatures, and therefore should not be certified to the November 2, 2021 General Election.

Local Option Election Petition

A petition to submit the question of the sale of intoxicating liquors on Sunday.

R.C. 3501.38, 4301.33 and 4301.351

Instructions

1. Any one or more of the following questions may be submitted.
2. Complete the description of the precinct for each question to be submitted.
3. All of the above must be done before obtaining any signature on the petition.
4. The petition must be filed with the Board of Elections of the county in which the precinct is located, no later than 4 p.m. of the 90th day before the day of a general or primary election.

To the Board of Elections of Cuyahoga County, Ohio:
Name of County Board of Elections

We, the undersigned, qualified electors of the precinct hereinafter defined, respectfully petition that you submit to the electors of such precinct the following question(s):

- (1) Shall the sale of intoxicating liquor, of the same types as may be legally sold in this precinct on other days of the week, be permitted in this Cleveland-03-E for consumption on the premises where sold between the hours of ten a.m. and midnight on Sunday?
Name of Precinct
- (2) Shall the sale of intoxicating liquor, of the same types as may be legally sold in this precinct on other days of the week, be permitted in this _____ for consumption on the premises where sold, between the hours of ten a.m. and midnight on Sunday, at licensed premises where the sale of food and other goods and services exceeds fifty percent of the total gross receipts of the permit holder at the premises?
Name of Precinct
- (3) Shall the sale of wine and mixed beverages, of the same types as may be legally sold in this precinct on other days of the week, be permitted in this _____ for consumption off the premises where sold, between the hours of ten a.m. and midnight on Sunday?
Name of Precinct

Signatures on this petition must be written in ink.

Ohio Revised Code

Section 3501.38 General rules for petitions and declarations of candidacy.

Effective: April 6, 2017

Legislation: House Bill 463 - 131st General Assembly

All declarations of candidacy, nominating petitions, or other petitions presented to or filed with the secretary of state or a board of elections or with any other public office for the purpose of becoming a candidate for any nomination or office or for the holding of an election on any issue shall, in addition to meeting the other specific requirements prescribed in the sections of the Revised Code relating to them, be governed by the following rules:

(A) Only electors qualified to vote on the candidacy or issue which is the subject of the petition shall sign a petition. Each signer shall be a registered elector pursuant to section 3503.01 of the Revised Code. The facts of qualification shall be determined as of the date when the petition is filed.

(B) Signatures shall be affixed in ink. Each signer may also print the signer's name, so as to clearly identify the signer's signature.

(C) Each signer shall place on the petition after the signer's name the date of signing and the location of the signer's voting residence, including the street and number if in a municipal corporation or the rural route number, post office address, or township if outside a municipal corporation. The voting address given on the petition shall be the address appearing in the registration records at the board of elections.

(D) Except as otherwise provided in section 3501.382 of the Revised Code, no person shall write any name other than the person's own on any petition. Except as otherwise provided in section 3501.382 of the Revised Code, no person may authorize another to sign for the person. If a petition contains the signature of an elector two or more times, only the first signature shall be counted.

(E)(1) On each petition paper, the circulator shall indicate the number of signatures contained on it, and shall sign a statement made under penalty of election falsification that the circulator witnessed the affixing of every signature, that all signers were to the best of the circulator's knowledge and belief qualified to sign, and that every signature is to the best of the circulator's knowledge and belief

the signature of the person whose signature it purports to be or of an attorney in fact acting pursuant to section 3501.382 of the Revised Code. On the circulator's statement for a declaration of candidacy or nominating petition for a person seeking to become a statewide candidate or for a statewide initiative or a statewide referendum petition, the circulator shall identify the circulator's name, the address of the circulator's permanent residence, and the name and address of the person employing the circulator to circulate the petition, if any.

(2) As used in division (E) of this section, "statewide candidate" means the joint candidates for the offices of governor and lieutenant governor or a candidate for the office of secretary of state, auditor of state, treasurer of state, or attorney general.

(F) Except as otherwise provided in section 3501.382 of the Revised Code, if a circulator knowingly permits an unqualified person to sign a petition paper or permits a person to write a name other than the person's own on a petition paper, that petition paper is invalid; otherwise, the signature of a person not qualified to sign shall be rejected but shall not invalidate the other valid signatures on the paper.

(G) The circulator of a petition may, before filing it in a public office, strike from it any signature the circulator does not wish to present as a part of the petition.

(H) Any signer of a petition or an attorney in fact acting pursuant to section 3501.382 of the Revised Code on behalf of a signer may remove the signer's signature from that petition at any time before the petition is filed in a public office by striking the signer's name from the petition; no signature may be removed after the petition is filed in any public office.

(I)(1) No alterations, corrections, or additions may be made to a petition after it is filed in a public office.

(2)(a) No declaration of candidacy, nominating petition, or other petition for the purpose of becoming a candidate may be withdrawn after it is filed in a public office. Nothing in this division prohibits a person from withdrawing as a candidate as otherwise provided by law.

(b) No petition presented to or filed with the secretary of state, a board of elections, or any other

public office for the purpose of the holding of an election on any question or issue may be resubmitted after it is withdrawn from a public office or rejected as containing insufficient signatures. Nothing in this division prevents a question or issue petition from being withdrawn by the filing of a written notice of the withdrawal by a majority of the members of the petitioning committee with the same public office with which the petition was filed prior to the sixtieth day before the election at which the question or issue is scheduled to appear on the ballot.

(J) All declarations of candidacy, nominating petitions, or other petitions under this section shall be accompanied by the following statement in boldface capital letters: **WHOEVER COMMITS ELECTION FALSIFICATION IS GUILTY OF A FELONY OF THE FIFTH DEGREE.**

(K) All separate petition papers shall be filed at the same time, as one instrument.

(L) If a board of elections distributes for use a petition form for a declaration of candidacy, nominating petition, or any type of question or issue petition that does not satisfy the requirements of law as of the date of that distribution, the board shall not invalidate the petition on the basis that the petition form does not satisfy the requirements of law, if the petition otherwise is valid. Division (L) of this section applies only if the candidate received the petition from the board within ninety days of when the petition is required to be filed.

(M)(1) Upon receiving an initiative petition, or a petition filed under section 307.94 or 307.95 of the Revised Code, concerning a ballot issue that is to be submitted to the electors of a county or municipal political subdivision, the board of elections shall examine the petition to determine:

(a) Whether the petition falls within the scope of a municipal political subdivision's authority to enact via initiative, including, if applicable, the limitations placed by Sections 3 and 7 of Article XVIII of the Ohio Constitution on the authority of municipal corporations to adopt local police, sanitary, and other similar regulations as are not in conflict with general laws, and whether the petition satisfies the statutory prerequisites to place the issue on the ballot. The petition shall be invalid if any portion of the petition is not within the initiative power; or

(b) Whether the petition falls within the scope of a county's authority to enact via initiative, including whether the petition conforms to the requirements set forth in Section 3 of Article X of the Ohio

Constitution, including the exercise of only those powers that have vested in, and the performance of all duties imposed upon counties and county officers by law, and whether the petition satisfies the statutory prerequisites to place the issue on the ballot. The finding of the board shall be subject to challenge by a protest filed pursuant to division (B) of section 307.95 of the Revised Code.

(2) After making a determination under division (M)(1)(a) or (b) of this section, the board of elections shall promptly transmit a copy of the petition and a notice of the board's determination to the office of the secretary of state. Notice of the board's determination shall be given to the petitioners and the political subdivision.

(3) If multiple substantially similar initiative petitions are submitted to multiple boards of elections and the determinations of the boards under division (M)(1)(a) or (b) of this section concerning those petitions differ, the secretary of state shall make a single determination under division (M)(1)(a) or (b) of this section that shall apply to each such initiative petition.

Circulator's Statement on each part-petition

CANDIDATE AS CIRCULATOR

A candidate may circulate their own part-petition regardless of how they may have voted in the prior two calendar years. If the candidate does not hold an elective office, or if the candidate holds an elective office other than one for which candidates are nominated at a party primary, the candidate does not need to file any additional forms. If the candidate holds partisan public office, the candidate can still run for office for a different party, if the candidate has filed a Declaration of Intent to Change Political Party Affiliation ([Form 10-Y](#)).¹⁴

CONVICTED FELONS

Some convicted felons are prohibited from circulating petitions.¹⁵ However, state law does not require a circulator to provide key data points (e.g., date of birth, Social Security number, driver license number, etc.) that constitute "satisfactory evidence" that the person that circulated a petition is the same individual who may be listed in a county's local voter registration database as cancelled due to incarceration of a felony conviction.

Thus, when verifying petitions, boards of elections should presume that a circulator is qualified to circulate petitions, unless there is "satisfactory evidence" that the individual is not qualified.

CIRCULATOR'S STATEMENT ON EACH PART-PETITION¹⁶

Each part-petition must contain a circulator's statement that includes the following completed information:

- ☐ Circulator's signature,¹⁷
- ☐ The number of signatures witnessed by the circulator,
- ☐ And, for a statewide candidate or statewide issue petition:
 - Circulator's name,
 - Address of the circulator's residence,¹⁸ and

¹⁴ [R.C. 3513.191](#).

¹⁵ [Ohio Attorney General Advisory Opinion 2010-002](#).

¹⁶ [R.C. 3501.38\(E\)\(1\)](#).

¹⁷ Generally, signing or affixing a signature to an election-related document requires a person's written, cursive-style legal mark written in that person's own hand. However, a voter with a disability may personally affix their signature through the use of a reasonable accommodation, including the use of assistive technology or an augmentative device such as a signature stamp.

See [R.C. 3501.011](#), [R.C. 3501.382\(F\)](#) and related [OAG 2015-012](#).

¹⁸ State law does not define "permanent residence address" for purposes of circulating issue petitions. A board of elections should presume that the address provided by the circulator is the circulator's permanent residence as the statement is signed under penalty of election falsification, which is a fifth degree felony. To the extent that an entity other than the Board believes that the circulator's written permanent residence address is not accurate, an informal objection or formal protest is not properly before a board of elections and should be filed with the Ohio Supreme Court as described in Section VI below.

- The name and address of the person employing the circulator to circulate the petition, if any.

Note: If the circulator is a qualified elector of Ohio, there is no requirement that the address of the circulator match the address on file with the board of elections. A board must not invalidate a part-petition solely because the address of the circulator in the circulator's statement differs from the address on file with the board of elections.

The board must review each part-petition to determine that information required as a part of the circulator's statement is entered on each part-petition. The board must accept the circulator statements of part-petitions at face value unless there are inconsistencies with the number of signatures witnessed (see below) or with information about the circulator across part-petitions reviewed within a single county (i.e., the circulator writes different permanent residence addresses on different part-petition).

Signature undercounting: If the number of signatures reported in the circulator's statement is less than the total number of uncrossed-out signatures submitted on the part-petition (e.g., the circulator's statement indicates 20 signatures witnessed, but there are 22 signatures on the part-petition, none of which were crossed out prior to the petition being filed), then the board must reject the entire part-petition.¹⁹

Note: In determining whether the number of signatures reported by a circulator of a non-statewide candidate's part-petition matches the number of signatures on that part-petition, particularly with regard to crossed-out signatures, board of elections should take care so as to not make a determination that is "too technical, unreasonable, and arbitrary" given the unique fact set of that petition and information available to the board, if any.²⁰

Signature over-counting: If the number of signatures reported in the circulator's statement is greater than the total number of uncrossed-out signatures on the part-petition (e.g., the circulator's statement indicates that the circulator witnessed 28 signatures, but there are only 5 signatures on the part-petition), then the board must reject the entire part-petition when the over-reporting of signatures on the circulator's statement appears "systemic" and numerous on part-petitions filed by one or more circulators within the county, or across several counties, for the same petition,²¹ unless the exception below applies.

¹⁹ *Rust v. Lucas Cty. Bd. Of Elections*, 108 Ohio St.3d 139.

²⁰ *State ex rel. Schwarz v. Hamilton Cty. Bd. of Elections*, 173 Ohio St. 321; *State ex rel. Curtis v. Summit Cty. Bd. of Elections*, 144 Ohio St.3d 405.

²¹ "Systemic overcounts *** are an open invitation to fraud *** and *** a part-petition of this type is invalid because, on its face, the attestation of the circulator is false: they did not witness the number of signatures indicated." *Ohio Mfrs. Assn. v. Ohioans for Drug Price Relief Act*, 149 Ohio St.3d 250, at 144.

Exception: The over-reporting error is the result of “minor or negligent miscounts”²² by the circulator “so long as there is no indication of fraud or material misrepresentation”²³ or does not promote fraud. In this circumstance, the board must review the validity of each signature as usual.²⁴

For a statewide petition, if a circulator identifies an employer on the circulator’s statement but does not provide a corresponding address, the board must invalidate the entire part-petition.²⁵ If no employer or address is provided or if both the name of the employer and an address are provided, that aspect of the circulator’s statement is presumed, on its face, to be valid and sufficient.

Section 1.04 Processing Voter Registration Forms

When processing a statewide petition, each county board of elections must process all new, valid voter registrations and changes of name and/or address to existing registrations received by the board or the Secretary of State’s office as of the date the petition was filed with the Secretary of State before verifying the signatures on the part-petitions.²⁶

For petitions filed with the board of elections, each board first must process all new, valid voter registrations and changes of name and /or address to existing registrations received by the board as of the date the petition was filed with the county board of elections’ office.

Section 1.05 Signers

QUALIFICATIONS OF SIGNERS

- ☐ Must be a qualified elector of Ohio.²⁷
- ☐ Must be registered to vote at the address provided on the petition as of the date that the petition was filed with the applicable office.²⁸ For statewide issue petitions, the date the board of elections examines the petition.²⁹
- ☐ If signing a petition for a candidate seeking nomination in a partisan primary, must be a member of the political party of the candidate named on the declaration of candidacy. For purposes of signing candidate petitions for these

Elections – Petition Requirements

Board of Elections' Notice Requirements

The board of elections must submit the Notice of Election to be Held ([Form 126-A](#)) to the Secretary of State's office and the Division of Liquor Control upon certification of the issue and determination of the date of the election.

Not later than 10 days before the election, a public notice of the election is required to be posted or inserted in a newspaper published in the county.⁶⁴

Note: *Effect of Pending Appeal: No election shall be held to dry up particular premises under [R.C. 4301.352](#) until all appeals of the judgment declaring the liquor permit premises a nuisance are resolved. The court of appeals must render a decision on any appeal of the judgment within six months after the date of the filing of the appeal with the clerk of the court of appeals, and the Supreme Court must render a decision on any appeal of the judgment within six months after the date of the filing of the appeal with the Supreme Court.*⁶⁵

Petition Requirements

Part-Petitions

A local liquor option petition may be made up of several petition papers called part-petitions. All part-petitions must be filed with the board of elections at one time, as a single instrument.⁶⁶

Content

A petition for a local liquor option election must satisfy all of the following requirements:

1. Designate the question(s) to be submitted to the electors ([See Choosing Local Liquor Option Election Questions beginning on page 7.](#));
2. Contain the full name of the precinct in which the election is to be held;
3. Be signed by qualified electors residing in the precinct equal in number to 35 percent (except for community facility which is 10 percent) of the total number of votes cast for governor in such precinct at the most recent gubernatorial election;

Note: *The board of elections will calculate the actual number of required signatures upon request of the petitioner, and must provide a written notice of the number of required signatures within 15 days of the request ([Form 5-F](#)).*⁶⁷

4. Be filed with the board of elections of the county in which such precinct is located not later than 4 p.m. of the 90th day before the election;

⁶⁷ [R.C. 4301.32](#), [4303.29\(C\)](#), [4305.14](#).

5. Conform to all of the requirements for petitions established by R.C. 3501.38, 3503.06 (C)(1)(a) and 3599.36, which include the following:
- Only registered voters who live in the specified precinct are eligible to sign the petition. Each signer must be registered to vote in the precinct by the date the petition is filed with the board of elections.
 - Signatures must be cursive and be affixed in ink. In the space beneath or next to signature, each signer may also print his or her name to clearly identify his or her signature.
 - Each signer shall place on the petition, after his or her name, the date of signing and the location of the voting residence, including the full street address. The voting address on the petition must be the address appearing in the registration records at the board of elections as of the date the petition is filed.
 - Except as otherwise provided in R.C. 3501.382, each signer may only sign his or her own name on any petition. A power of attorney does not authorize anyone to affix someone's signature to a petition.
 - On each petition paper, the circulator must indicate the number of signatures contained thereon and sign a statement, made under penalty of election falsification, that he or she witnessed the affixing of every signature, that all signers were to the best of his or her knowledge and belief qualified to sign, and that every signature is to the best of his or her knowledge and belief the signature of the person whose signature it purports to be or of an attorney in fact acting pursuant to R.C. 3501.382.
 - If a circulator knowingly permits an unqualified person to sign a petition paper or permits a person to write a name other than his or her own on a petition paper, that entire petition paper is invalid; otherwise, the signature of a person not qualified to sign shall be rejected, but shall not invalidate the other valid signatures on the paper.
 - Before filing the petition with the board of elections, the circulator may strike out any signature he or she does not wish to present as a part of the petition.
 - Any signer or attorney in fact acting pursuant to R.C. 3501.382 may strike his or her signature from a petition at any time before the petition is filed with the board of elections. No signature may be removed after the petition is filed.
 - No alterations, corrections, or additions may be made to a petition, and no petition may be withdrawn, after it is filed with the board of elections.
 - All petitions shall include the following statement in bold faced, capital letters:
WHOEVER COMMITS ELECTION FALSIFICATION IS GUILTY OF A FELONY OF THE FIFTH DEGREE.
 - All separate petition papers must be filed at the same time, as one instrument.

Note: A circulator is not required to be an elector, but must be at least 18 years of age.

Mandamus — Elections — R.C. 3501.38 — Board of elections did not abuse its discretion or disregard applicable law by invalidating part-petitions when circulators' statements specified fewer signatures than were on the part-petitions — No writ issued.

(No. 2005-1891 — Submitted October 27, 2005 — Decided November 2, 2005.)

IN MANDAMUS.

Per Curiam.

{¶ 1} This is an expedited election case in which relator requests a writ of mandamus to compel a board of elections to certify him as a candidate for the board of education at the November 8, 2005 election.

{¶ 2} On August 23, 2005, relator, attorney John G. “Bull Dog” Rust, filed with respondent, Lucas County Board of Elections, his nominating petition, including his statement of candidacy, to be a candidate for the Toledo Board of Education.

{¶ 3} On September 8, 2005, the board of elections notified Rust that it had rejected his petition and refused to certify his candidacy. The board of elections rejected the petition because the number of signatures stated in each circulator’s affidavit was less than the actual number of signatures on each part-petition, and the Secretary of State of Ohio had instructed boards of elections to invalidate such part-petitions.

{¶ 4} On September 16, 2005, Rust filed an expedited election case for a writ of mandamus to compel the board of elections to certify him as a candidate in

SUPREME COURT OF OHIO

the November 8, 2005 election for the Toledo Board of Education. The board of elections answered the complaint, but instead of filing his brief and evidence on the due date of September 26, Rust filed an application to dismiss his case. On October 3, we granted Rust's application and dismissed the case. 106 Ohio St.3d 1525, 2005-Ohio-5223, 835 N.E.2d 376.

{¶ 5} On October 6, Rust filed this expedited election case seeking the same extraordinary relief that he had previously sought in his earlier case. The board of elections answered the complaint, and the parties filed evidence and merit briefs pursuant to the expedited election schedule in S.Ct.Prac.R. X(9).

{¶ 6} This cause is now before us for our consideration of the merits.

Mandamus

{¶ 7} In order to be entitled to the requested writ of mandamus, Rust must establish a clear legal right to certification of his candidacy on the November 8 election ballot, a corresponding clear legal duty on the part of the board of elections to certify his candidacy, and the lack of an adequate remedy in the ordinary course of the law. *State ex rel. Commt. for the Proposed Ordinance to Repeal Ordinance No. 146-02, W. End Blight Designation v. Lakewood*, 100 Ohio St.3d 252, 2003-Ohio-5771, 798 N.E.2d 362, ¶ 12.

{¶ 8} To establish the requisite legal right and legal duty, Rust must prove that the board of elections engaged in fraud, corruption, abuse of discretion, or clear disregard of statutes or other pertinent law. *State ex rel. N. Olmsted v. Cuyahoga Cty. Bd. of Elections* (2001), 93 Ohio St.3d 529, 532, 757 N.E.2d 314. Rust claims that the board of elections abused its discretion and clearly disregarded pertinent law by invalidating his part-petitions because the circulator statements specified the number of signatures to be less than the number actually contained on the petition.

{¶ 9} Rust's claim lacks merit. R.C. 3501.38(E)(1) requires circulators to indicate the number of signatures contained on the part-petitions they circulated:

{¶ 10} "*On each petition paper, the circulator shall indicate the number of signatures contained on it, and shall sign a statement made under penalty of election falsification that the circulator witnessed the affixing of every signature, that all signers were to the best of the circulator's knowledge and belief qualified to sign, and that every signature is to the best of the circulator's knowledge and belief the signature of the person whose signature it purports to be.*" (Emphasis added.)

{¶ 11} Rust's part-petitions did not comply with R.C. 3501.38(E)(1), because the circulators' statements specified numbers less than the actual numbers of signatures contained on the part-petitions. The purpose of this requirement is to protect against signatures being added after the circulator's statement is made. See *State ex rel. Citizens for Responsible Taxation v. Scioto Cty. Bd. of Elections* (1992), 65 Ohio St.3d 167, 172, 602 N.E.2d 615, quoting *State ex rel. Loss v. Lucas Cty. Bd. of Elections* (1972), 29 Ohio St.2d 233, 234, 58 O.O.2d 488, 281 N.E.2d 186. In *Loss*, we analyzed a comparable provision in R.C. 3513.07 and found that the requirement that the circulator indicate the number of signatures contained on the part-petition is a " 'substantial, reasonable requirement.' " *Citizens for Responsible Taxation*, 65 Ohio St.3d at 172, 602 N.E.2d 615, quoting *Loss* at 234, 58 O.O.2d 488, 281 N.E.2d 186.

{¶ 12} The parties agree that the Secretary of State, the state's chief election officer, has instructed boards of elections that R.C. 3501.38 requires that if the number indicated by the circulator is less than the actual number of signatures, the entire part-petition must be invalidated. See *Citizens for Responsible Taxation*, 65 Ohio St.3d at 172, 602 N.E.2d 615 ("*Loss* implies that arithmetic error will be tolerated, but only if the error does not promote fraud.

Indeed, *Loss* may explain why the Secretary of State instructed respondents here to reject an entire part-petition only where the circulator states a number ‘less than the total number of *uncrossed out* signatures’ (emphasis *sic*) and to, in effect, overlook discrepancies in the number of signatures ‘in all other instances’ ”).

{¶ 13} The board did not err in relying on the Secretary of State’s interpretation of R.C. 3501.38 to invalidate Rust’s petition. See *Whitman v. Hamilton Cty. Bd. of Elections*, 97 Ohio St.3d 216, 2002-Ohio-5923, 778 N.E.2d 32, ¶ 22 (“acknowledging this court’s duty to defer to the Secretary of State’s interpretation of election law if it is subject to two different, but equally reasonable, interpretations”).

{¶ 14} Rust claims that the reason the circulators’ statements specified a number of signatures less than the number of signatures contained on the part-petitions was that he had realized that an unqualified person had signed the part-petitions and he did not want to violate the R.C. 3501.38(E)(1) requirement that “all signers were to the best of the circulator’s knowledge and belief qualified to sign.” But Rust could have complied with all of the requirements of R.C. 3501.38(E)(1) by striking the signatures of persons he had discovered to be unqualified before submitting the petition to the board of elections. See R.C. 3501.38(G) (“The circulator of a petition may, before filing it in a public office, strike from it any signature the circulator does not wish to present as part of the petition”); *State ex rel. Oster v. Lorain Cty. Bd. of Elections* (2001), 93 Ohio St.3d 480, 484, 756 N.E.2d 649. Thus, Rust was not left without any remedy when he discovered, before filing the petition, that an unqualified person had signed it.

{¶ 15} Moreover, Rust’s claim is also barred by laches. “Relators in election cases must exercise the utmost diligence.” *State ex rel. Fuller v. Medina Cty. Bd. of Elections*, 97 Ohio St.3d 221, 2002-Ohio-5922, 778 N.E.2d 37, ¶ 7. “‘If relators do not act with the required promptness, laches may bar the action for extraordinary relief in an election-related matter.’ ” *State ex rel. Miller v.*

Cuyahoga Cty. Bd. of Elections, 103 Ohio St.3d 477, 2004-Ohio-5532, 817 N.E.2d 1, ¶ 21, quoting *State ex rel. Steele v. Morrissey*, 103 Ohio St.3d 355, 2004-Ohio-4960, 815 N.E.2d 1107, ¶ 12. Rust failed to act with the requisite diligence by waiting 28 days from the September 8 notification date of the board's rejection of his candidacy to file this expedited election case challenging the board's decision. By the time this case was filed, the statutory deadline to have absentee ballots printed and ready for use had already passed. R.C. 3509.01. Rust's first election case on this issue was filed in a more timely fashion — on September 16 — but Rust inexplicably dismissed the case instead of proceeding with it. Rust has introduced no evidence justifying this prejudicial, dilatory conduct.

{¶ 16} Finally, Rust did not comply with R.C. 2731.04, which requires that an action for a writ of mandamus “be * * * in the name of the state on the relation of the person applying.” Rust did not bring this action in the name of the state. “If * * * a respondent in a mandamus action raises this R.C. 2731.04 defect and relators fail to seek leave to amend their complaint to comply with R.C. 2731.04, the mandamus action must be dismissed.” *Blankenship v. Blackwell*, 103 Ohio St.3d 567, 2004-Ohio-5596, 817 N.E.2d 382, ¶ 36; *Litigaide, Inc. v. Lakewood Police Dept. Custodian of Records* (1996), 75 Ohio St.3d 508, 664 N.E.2d 521. The board of elections raised this defect in its October 17 response as well as its October 24 merit brief. Nevertheless, as of October 27, the date that his final brief was filed, Rust had failed to seek leave to amend his complaint to comply with R.C. 2731.04. Cf. *State ex rel. Rust v. Lucas Cty. Bd. of Elections*, 100 Ohio St.3d 214, 2003-Ohio-5643, 797 N.E.2d 1254, ¶ 6, in which Rust timely moved for leave to amend his case caption when the board raised this same objection in a previous expedited election case.

{¶ 17} Based on the foregoing, we hold that the board of elections neither abused its discretion nor clearly disregarded applicable election law by

SUPREME COURT OF OHIO

invalidating Rust's petition and refusing to certify his candidacy. Therefore, Rust is not entitled to the requested extraordinary relief in mandamus. Accordingly, we deny the writ.

Writ denied.

PFEIFER, J., concurring in judgment only.

{¶ 18} I am not a proponent of relying on laches to decide election cases, but too late is too late. The relator is too late — he should not have abandoned his earlier request for a writ of mandamus.

{¶ 19} I would have been inclined to grant relator's writ. The Secretary of State's rule to invalidate part-petitions when the circulator attests that the number of signatures is less than the actual number of signatures on the part-petition is not required by R.C. 3501.38 or 3501.39. The enforcement of the rule is especially troublesome since petitions overstating the number of signatures are not automatically rejected. To avoid the allegedly feared problem of signatures being added after the circulator's statement is made, boards of election should count only the number of signatures that the circulator has represented that the petition contains. That is a policy that may not be as draconian as the Secretary of State might like, but it at least makes sense and is fair.

**PETITION FOR RECONSIDERATION OF OHIO CITY LEGACY, LLC’S
LOCAL OPTION PETITION**

I. INTRODUCTION

Petitioner, Ohio City Legacy, LLC (“Petitioner”), moves the Cuyahoga County Board of Elections (the “Board”) to reconsider the Board’s rejection of Petitioner’s precinct-wide Sunday Sales local liquor option petition (the “Petition”). Specifically, Petitioner requests that the Board reverse an August 6, 2021 decision to reject a part-petition (the “Part-Petition”) due to a counting oversight that resulted in a reported voter signature undercount in the circulator verification statement. See Exhibit A.

While Ohio election laws generally require strict compliance, the Ohio Supreme Court has held in circumstances like these that “arithmetic error will be tolerated, but only if the error does not promote fraud.” *The State ex rel. Citizens For Responsible Taxation et al. v. Scioto County Board of Elections et al.*, 65 Ohio St.3d 167, 602 N.E.2d 615 (1992). As such, the Board

has the discretion to reverse the decision to reject the Part-Petition with the counting oversight if there is evidence to show the oversight is not in the nature of fraud.

That evidence exists here. With this Petition, Petitioner has submitted an affidavit from the circulator, Jonathan Petrea, attached here as Exhibit B, identifying the source of the error in the circulator statement as an accidental counting oversight. In addition to the circulator's sworn evidence that all signatures on the petition were personally obtained by him, the nature of the counting oversight as reflected on the document itself corroborates a conclusion that there is no fraud present. Put differently, it is apparent from the counting oversight how the circulator made the error, and it has a rational, verifiable explanation – quite simply, he counted only the valid signatures on the back page of the Part-Petition and not the front.

In addition to the circulator's affidavit evidence, Petitioner also submits here affidavits from registered voters affirming that they signed the Part-Petition in the circulator's presence, thereby lending further corroboration to the validity of the Part-Petition in question. See Exhibit C. Thus, not only has Petitioner submitted evidence to negate any inference of fraud, Petitioner can affirmatively prove the reliability of the Part-Petition with the series of the signatories' submitted affidavits to the authenticity and validity of the document as a whole.

Finally, it bears mention that Ohio City Legacy's INTRO, Cleveland development is an incredibly important community project with enormous voter support. Consequently, Petitioner respectfully submits that the voters' voices, as represented in the letters of support from their elected ward representative and community organizations attached here as Exhibit D, be heard and the Board exercise its lawful discretion to place Petitioner's initiative on the ballot.¹

¹ While Ohio City Legacy, LLC is the organizer of the initiative, this is a precinct-wide local option that will benefit not only INTRO, Cleveland, but any other retailer seeking to make Sunday alcohol sales in the precinct as well.

II. LAW AND ARGUMENT

a. Applicable Legal Standard.

Ohio law requires that the circulator of a petition paper indicate the number of signatures on each petition paper. *Rust v. Lucas County Board of Elections*, 108 St.3d 140, 2005-Ohio-5795, 841 N.E.2d 766, ¶ 9, citing Ohio Rev. Code § 3501.38(E)(1). “The purpose of this requirement is to protect against signatures being added after the circulator’s statement is made.” *Id.* at 140, ¶ 11. The circulator statement evidences the absence of fraud by affirming that the circulator personally witnessed all of the signatures being affixed to the part-petition, and protects registered voters who may have had their signature added without their knowledge. *Ohio Manufacturers’ Association v. Ohioans for Drug Price Relief Act*, 149 Ohio St.3d 250, 2016-Ohio-5377, 74 N.E.3d 399, at 260, ¶ 44.

Importantly, R.C. 3513.08(E) “does not expressly mandate a correct signature total.” *The State ex rel. Citizens For Responsible Taxation et al. v. Scioto County Board of Elections et al.* “Arithmetic error will be tolerated, but only if the error does not promote fraud.” *Id.* at 172. A board of elections may accept a petition where the number of actual signatures does not match the number reported by the circulator in the statement when the “error is the result of “minor or negligent miscounts” by the circulator.” *Ohio Election Official Manual*, at 380, 381 (Ed. 02/03/2021), citing *State ex rel. Curtis v. Summit County Board of Elections*, 144 Ohio St.3d 406, 2015-Ohio-3787, 33 N.E.3d 261, ¶ 18, and *Ohio Manufacturers’ Association v. Ohioans for Drug Price Relief Act*, at ¶ 44.. Further, a decision to reject a part-petition containing a mathematical error may be reversed when there is “no indication of fraud or material misrepresentation by the circulator of the petition.” *State ex rel. Curtis v. Summit County Board*

of Elections, at ¶ 8, 11.

Each board of elections has the power and duty to “review, examine, and certify the sufficiency and validity of petitions.” Ohio Rev. Code § 3501.11. A board’s power includes discretionary authority to overlook deficiencies in a circulator statement, even when the board would be justified in invalidating the petition, particularly when evidence suggests that the signatures present on the petition are valid. *The State ex rel. Citizens For Responsible Taxation et al. v. Scioto County Board of Elections et al.*, 65 Ohio St.3d 167, 602 N.E.2d 615 (1992); *State ex rel. Buchanon v. Stillman*, 12 Ohio St.2d 13, 231 N.E.2d 61 (1967).

Additionally, a board of elections decision to strike a part-petition is reversible when the board’s determination is “too technical, unreasonable, and arbitrary.” *State ex rel. Schwarz v. Hamilton County Board of Elections*, 173 Ohio St. 321, 181 N.E.2d 888 (1962). The 2021 edition of the Ohio Election Official Manual, published by the Ohio Secretary of State, recognizes that “in determining whether the number of signatures reported by a circulator of a non-statewide [...] part-petition matches the number of signatures on that part-petition, [...] board of elections should take care so as to not make a determination that is “too technical, unreasonable, and arbitrary” given the unique fact set of that petition and information available to the board.” Ohio Election Official Manual, at 380, 381 (Ed. 02/03/2021), citing *State ex rel. Schwarz v. Hamilton County Board of Elections*, and *State ex rel. Curtis v. Summit County Board of Elections*.

b. Petitioner Has Provided Sufficient Evidence to Justify a Reversal of the Rejection of the Petition

Considering that the principal objective of R.C. 3501.38(E)(1) is to prevent fraud, Petitioner’s evidence refutes any inference of fraud. See *Rust v. Lucas County Board of Elections*, and *The State ex rel. Loss v. Board of Elections of Lucas County*, 29 Ohio St.2d 233,

281 N.E.2d 186 (1972). Petitioner has submitted comprehensive evidence in the form of affidavits from the Part-Petition circulator and registered voters who signed the Part-Petition at issue. This evidence demonstrates that there is “no indication of fraud or material misrepresentation by the circulator” with regard to signatures contained on the Part-Petition. Critically, unlike *Rust* and *Loss*, this protest is not an instance where the Board has no evidence to review, and therefore “no way to know how many signatures the circulators actually witnessed.” *Ohio Manufacturers’ Association v. Ohioans for Drug Price Relief Act* at 260, ¶ 44.

In fact, Petitioner’s evidence bears strong similarity to that presented in Ohio Supreme Court cases where the Court has found an absence of any indication of fraud. In two leading cases, *State ex rel. Schwarz v. Hamilton County Board of Elections* and *State ex rel. Curtis v. Summit County Board of Elections*, the Court found that testimony of the circulator, particularly when combined with affidavits from voters, is sufficient both to explain the reason behind undercounting and to disprove the possibility of fraud. Notably, in the 2015 *Curtis* case, the Court found in favor of a petitioner who provided a rational “explanation of the reason the number of signatures attested to in the circulator’s statement was less than the number of signatures appearing on the part-petition” and who also “went further, providing an affidavit from the [...] voter whose signature” was at issue. *State ex rel. Curtis v. Summit County Board of Elections*.

i. There Is No Material Misrepresentation or Fraud by the Circulator.

Petitioner has provided evidence demonstrating that an accidental and explainable counting error was responsible for the discrepancy between the number of actual signatures on the rejected Part-Petition and the number of signatures identified in the circulator statement. The affidavit executed by Part-Petition circulator Jonathan Petrea identifies that the source of the

discrepancy as “an unintentional and accidental counting error” by Petrea, wherein Petrea “simply neglected to count the 11 valid signatures on the front of the Part-Petition, and instead only counted the 18 valid signatures [...] on the back of the Part-Petition.” See Exhibit B.

In addition to the direct affidavit testimony, the undercounting here resulted from an easily explainable and honest counting mistake. The circulator accidentally counted only the unstruck signatures on the page of the Part-Petition where the circulator certification was present, and neglected to add the number of unstruck signatures from the front page to the total number identified in the circulator statement.

When one reviews the back page of the petition, this becomes readily apparent. Specifically, there are 24 signature boxes on the back of the petition. The first consecutive twenty-three (23) boxes bear signatures, are crossed out, or were marked blank. When ignoring (properly) the crossed out and blank lines, there are 18 valid signatures on that back page -- exactly what the circulator stated when attesting to 18 on the verification line below. What is more, the very last line of the Part-Petition was left blank, which goes to negate any inference of signatures being added after the petition was submitted when considering the 18 count reported. Quite simply, the circulator forgot to count the 11 valid signatures on the front of the petition. Thus, the face of document itself lends additional weight to the circulator’s affidavit testimony.

Unlike the case here, in *Rust*, the Court upheld a board of elections decision to invalidate a part-petition where undercounting resulted from *intentional* conduct by a circulator who undercounted to avoid including signatures the circulator believed to be invalid. As part of its reasoning for the decision, the Court stated that rather than undercounting, Rust could have instead remedied his perceived issue by striking signatures. *Rust v. Lucas County Board of Elections* at 141, ¶ 14. The error in the present case, unlike in *Rust*, was a “minor or negligent

miscount,” an accident, rather than an intentional act of the circulator. Further, the error from the Part-Petition was made only on one circulator statement out of several that were submitted. As such, the matter at hand was an “isolated, unintentional oversight,” not a recurrent or systemic issue. *Ohio Manufacturers’ Association v. Ohioans for Drug Price Relief Act*, at 266.

ii. *There is Clearly No Indication of Fraud.*

In addition to the circulator’s evidence, to disprove the possibility of fraud, Petitioner has obtained affidavits from a number of the registered voters whose signatures are present on the Part-Petition. Given the voter affidavit evidence to corroborate the circulator’s testimony, Petitioner can affirmatively prove valid signatures and petition process. Together, these affidavits constitute clear and convincing evidence as to “how many signatures the circulators actually witnessed,” and go to show “that someone did not later add the signatures of legitimate electors who did not choose to sign.” *Ohio Manufacturers’ Association v. Ohioans for Drug Price Relief Act*, at 260.

The circulator has executed an affidavit wherein he affirms that the Part-Petition contained 29 valid signatures at the time that he completed and signed the Circulator Statement, and that no signatures were added to the Petition by him or any other person following completion and signing of the Circulator Statement. See Exhibit B. The Part-Petition at issue was maintained in the circulator’s continuous possession from the time that the first signature was applied to the time that the twenty-ninth signature was applied, from the beginning of circulation to submission to the Board by the circulator. At no time could any signatures have been added to the Part-Petition, by Petitioner or otherwise, without the circulator’s knowledge. See Exhibit B.

Petitioner has also secured affidavits from several of the registered voters who signed the

Part-Petition, affirming that each voter did indeed sign the Petition on the date listed on the Part-Petition and in the presence of the circulator. See Exhibit C. Among the affidavits is both the first signatory, a Tim DelPapa, on the front of the Part-Petition and the last signatory, a Mr. Eric Gordon, on the back of the Part-Petition. These voter affidavits irrefutably demonstrate the legitimacy of many of the signatures present on the Part-Petition. The proven validity of the signatures present on the front page of the Part-Petition (the signatures that the circulator mistakenly did not count) is a robust indicator of the validity of the remaining signatures and the absence of any fraud associated with the Part-Petition.

c. The Voices of the Voters' Who Have Supported the Local Option Initiative, Both by their Own Signatures, and as Additionally Stated by their Local Representatives, Weigh in Favor of Reversal.

In addition to negating the fraud-based concerns, the Board should also consider the unique facts of Petitioner's initiative to avoid making a determination that is unreasonable. Specifically, the Board should take into account the tremendous negative public impact that would result from invalidating the Part-Petition. This issue Petition relates to a project of enormous public importance: a nearly \$150 million-dollar redevelopment initiative in Cleveland's Ohio City neighborhood. Specifically, the Board's determination regarding the Part-Petition will decide the fate of Sunday alcohol sales for four new restaurants at the development. A rejection of the Petition would detrimentally affect job growth, as these businesses may not be able to meet hiring projections of 150 new jobs without revenue from Sunday sales. Rejection would also create an economic ripple effect threatening the viability of this critical project as a whole.

For these and numerous other reasons, the development project enjoys strong support from its host community. Petitioner has submitted letters of support from City of Cleveland and

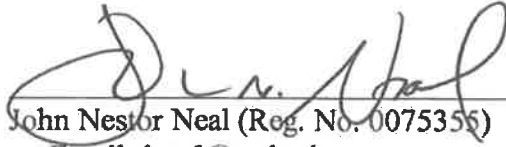

Ohio City leadership to demonstrate the immense public importance of the Petition. See Exhibit D for a letter of support from Cleveland City Councilmember Kerry McCormick and a letter of support from Thomas McNair, Executive Director of Ohio City Incorporated, a non-profit organization dedicated to serving and improving the Ohio City neighborhood.

The Ohio City development project will serve as an anchor development for the community, driving further investment and improvements that will continually improve quality of life for residents and visitors of the area. The project and the Petition are strongly supported by both local voters and community organizations. Given that Petitioner has presented credible evidence explaining the innocuous origin of the undercounting and weighing against any possibility of fraud, it would be unreasonable to reject the Petition on the basis of a minor counting mistake.

II. CONCLUSION

The Board has discretion to review the Part-Petition and find the Part-Petition to be valid, despite the presence of an unintentional counting error in the circulator statement. *The State ex rel. Citizens For Responsible Taxation et al. v. Scioto County Board of Elections et al.*, at 172. Further, when there is “no indication of fraud or material misrepresentation,” the Board has a legal duty to “consider the unique fact set of that petition and information available to the board” and to exercise caution to avoid rejecting a petition on grounds that are “too technical, unreasonable, and arbitrary.” *State ex rel. Schwarz v. Hamilton County Board of Elections* at 324. Given that Petitioner has offered extraordinary evidence to disprove fraud or misrepresentation, the Board should reverse its decision to reject the Part-Petition, disregard the accidental counting error in the circulator statement, and reexamine the Petition to determine whether it contains 134 or more valid signatures.

AFFIDAVIT

Jonathan Petrea, who resides at 1217 Auburn Ave, Cleveland, Ohio, 44113, being duly sworn according to law, and with personal knowledge of the facts stated herein, states and deposes as follows:

1. On behalf of Ohio City Legacy, LLC, I circulated the part-petition attached as Exhibit 1 hereto (the "Part-Petition"), and I completed and signed the Circulator Statement included at the bottom of page two of the Part-Petition.

2. The Part-Petition consists of a single document, with signatures boxes on the front (page 1) and back (page 2). I obtained 34 total partial and whole signatures on the Part-Petition, of which 5 were struck-through by me during the course of circulation and prior to my completion of and signature on the Circulator Statement. I struck one signature on the front. I struck 4 signatures on the back. I struck one unmarked box (line 32) on the back. The last box (line 36) was not marked because it was not used. Consequently, the Part-Petition contains 29 valid signatures on the front and back of the document, all of which I personally witnessed and obtained.

3. I made an unintentional and accidental counting error when I reported "18" as the number of qualified signatures at the bottom of page 2 of the Part-Petition in the Circulator Statement. The reason for the error is that I simply neglected to count the 11 valid signatures on the front of the Part-Petition, and instead only counted the 18 valid signatures on the back of the

Part-Petition. Again, failing to include the 11 signatures on the front in my reported count was not intentional, but simply an oversight. I did not make this same oversight when I reported the number of qualified signatures on the other part-petitions that I timely submitted as part of the this local option initiative, thus supporting my testimony here that my error with the Part-Petition in question was an isolated, unintentional oversight, and not a recurrent or systemic issue.

4. I personally obtained and witnessed the affixing of the 11 qualified signatures on the front of the Part-Petition and the 18 qualified signatures on the back of the Part Petition, and to the best of my knowledge all these signatures are those of the person that they purport to be or of an attorney in fact acting pursuant to section 3501.382 of the Revised Code.

5. No signatures were added to (or crossed out on) the Part-Petition by me or any other person following my completion and signing of the Circulator Statement.

6. The Part-Petition at issue was maintained in my continuous possession from the time that the first signature was applied on line 1 to the time that the twenty-ninth (valid) signature was applied on line 35, from the beginning of my circulation to my submission to the Board. At no time could any signatures have been added to the Part-Petition, by Petitioner or anyone else, without my knowledge, which as stated, did not occur.

8. I have no information whatsoever to suggest that any of the 29 qualified signatures on the Part-Petition are invalid or not who they represent to be. In fact, the opposite is true. I have again personally visited many of the signatories to the Part-Petition to obtain affidavits from those persons attesting to their valid signatures on the Part-Petition.

9. I have obtained the required number of valid signatures in connection with the subject Sunday Sales local option initiative, and respectfully request that the Board exercise discretion to

accept the 29 signatures on the rejected Part-Petition and allow the petition to appear on the November 2021 ballot.

Dear Chairman Hastings and Honorable Members of the Board:

I have recently become aware that INTRO, Cleveland's Ohio City redevelopment initiative has encountered a problem with the eligibility of its precinct-wide Sunday alcohol sales local option petition. As it has been explained to me, the petition was rejected due to an oversight involving a counting error in the number of signatures reported to be listed on a petition form.

The purpose of this letter is advise the Board of Elections of my strong support for the redevelopment project. As councilman for Cleveland's Ward 3, which includes the Ohio City neighborhood and Precinct 3-E, I possess a unique understanding of the tremendous importance of the redevelopment initiative to both the local community and the City of Cleveland at-large. Both I and the voters in this precinct support INTRO, Cleveland's efforts, and I hope that their vote can be heard.

From its start, the INTRO, Cleveland project has been supported by the local block club, RTA, the West Side Market Tenant's Association, Ohio City Inc., The Port of Cleveland, The Cleveland Building and Construction Trades Council, the City of Cleveland, the Ohio Development Services Agency, and more. At almost \$150,000,000 in total cost, INTRO, Cleveland is a nearly 100% union job. The project employs around 250 skilled workers each and every day on Cleveland's most high-profile and dynamic corner. Upon completion of construction, INTRO, Cleveland will create a brand new hospitality business, which will employ nearly 150 people across four unique concepts within the project. Without this local option being approved on the November ballot, all of these hospitality jobs are in jeopardy of being either delayed or eliminated entirely, as Sundays are an enormous portion of sales in the business plan for these concepts. The success of the hospitality company is directly tied to the overall success of INTRO, Cleveland, which has a significant number of stakeholders who are heavily invested in its future.

Both my office and the City of Cleveland support and endorse Ohio City Legacy, LLC's efforts to reverse the determination that the local option petition cannot be placed on the November ballot. Ohio City needs this local option to reach the November ballot, and I humbly request that the Board of Elections consider the request to allow the clerical mistake to be remedied.

Sincerely,

Kerry McCormack

August 11, 2021

Dear Chairman Hastings and Honorable Members of the Board:

I am writing in my capacity as Executive Director of the Tremont West Development Corporation in support of the Ohio City Legacy, LLC, AKA INTRO ballot access effort. It is my understanding that a clerical error resulted in the elimination of this effort from appearing on the November 2nd Election Ballot and an appeal is underway.

With this letter, it is my hope to convey the importance of this project to our city, our neighborhood, our hospitality industry, their employees and guests. The success of this \$150M dollar project - currently employing 250 skilled laborers and, at its completion, eventually employing over 160 permanent workers - directly depends on revenue projections from Sunday sales which comprise a large portion of the hospitality business plan.

A delay in voting on the Sunday liquor option past the November 2nd Election would delay or threaten desirable jobs in our neighborhood.

It is my understanding that, outside of the clerical error, community support was overwhelming as precinct 3-E was canvassed to collect signatures. It is also my understanding that enough signatures were collected and validated at the Board of Elections as a part of INTRO's overall internal circulation strategy. In affixing their signature on the petition, voters have spoken. It is my hope that the solution offered in the appeal will allow you to hear their voice.

Sincerely,

Cory Riordan
Executive Director

Cuyahoga County Board of Elections
Attn: Mr. Jeff Hastings, Chairman
2925 Euclid Avenue
Cleveland, OH 44115

Dear Chairman Hastings and Members of the Board:

It has come to our attention that Ohio City Legacy, LLC and their INTRO project in Ohio City has, due to a technicality, encountered an issue that may prohibit their ability to move forward with a ballot referendum to enable precinct-wide Sunday alcohol sales. And that because the issue of their petition rests on a technicality rather than a collected number of signatures, that your committee has the opportunity to review and determine whether or not this issue advances to the ballot.

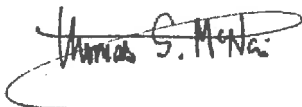

For some context on this project, I wanted to make you aware that the redevelopment of the former Market Plaza strip center has been a community priority for well over a decade. Our organization raised over \$200,000 to conduct multiple community wide planning processes that envisioned a higher and better use for one of Cleveland's most prominent corners. Over a span of 5 years, we had no less than 12 public meetings that were attended by well over 1,000 people looking at issues surrounding this site. And there was wide consensus that a significant scale mixed-use transit oriented development project would widely benefit our neighborhood, the City, and the region.

Working with the former property owner, Harbor Bay has been able to make that vision a reality with its \$150 million investment in INTRO. During the community process around this specific project, Harbor Bay was extremely transparent in their desire to fill its nearly 50,000 SF of commercial space with both retail uses that served the neighborhood, and include a limited number of hospitality spaces that would in fact serve alcohol. Throughout this extensive community process including local block club meetings, wide scale neighborhood meetings, the City of Cleveland planning Commission, the local design review committee, and City of Cleveland Landmarks Commission there was nearly universal support for this project, including the inclusion of hospitality uses that serve alcohol.

Additionally due to the unique nature of the footprint of this precinct, not allowing this site to serve alcohol would put it at a major competitive disadvantage from other real estate properties as the rest of West 25th Street does allow the sale of alcohol on Sundays.

Ohio City Incorporated supports and endorses Ohio City Legacy LLCs efforts to bring this petition to the ballot and allow the people of our neighborhood the ability to vote on this issue.

Sincerely,

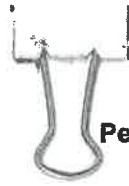

Thomas S. McNair
Executive Director

Petition for Board Review **Insufficient Signatures**

Bobby Jordan – Richmond Heights President of Council - Nonpartisan

Timeline:

| 8/2/2021 | Candidate filed part-petitions |
| | <ul style="list-style-type: none"> • Valid Signatures Required: 150 • Signatures filed: 180 • Valid Signatures: 123 • <i>Petition signatures short: 27</i> |
| 8/5/2021 | Candidate notified by phone and email advising petition was insufficient and encouraged to withdraw. |
| 8/11/2021 | Candidate indicated he would attend the Board meeting. |

Note: Two-part petitions, containing 20 signatures each, were invalid because the number of signatures witnessed was lower than the actual number of signatures on the part-petition.

The Ohio Secretary of State Election Officials Manual Chapter 11 Petitions states in part “**Signature undercounting:** If the number of signatures reported in the circulator’s statement is less than the total number of uncrossed-out signatures submitted on the part-petition (e.g., the circulator’s statement indicates 20 signatures witnessed, but there are 22 signatures on the part-petition, none of which were crossed out prior to the petition being filed), then the board must reject the entire part-petition.

RECOMMENDATION: Candidate’s petition does not have the qualifying minimum valid signatures, and therefore should not be certified to the November 2, 2021 General Election.

RECOMMENDATION: Candidate's petition does not have the qualifying minimum valid signatures, and therefore should not be certified to the November 2, 2021 General Election.

Discussion

10 of the signatures filed by candidate are from Geauga County. *As stated on the petition "Signatures on this petition must be from only one county and must be written in ink."* Candidate intermingled Cuyahoga and Geauga County signatures on both part petitions filed.

SOS Election Officials Manual – Chapter 11 Petition, page 11-12 states in part
ONE COUNTY PER PART-PETITION

Each part-petition should contain signatures of electors of only one county. The board must invalidate signatures from any other county.

Executive Summary and Highlights

The 2022 and 2023 recommended biennial budget is sufficient for the Cuyahoga County Board of Elections (CCBOE) to effectively provide election services to all voters, candidates, committees, and political subdivisions in Cuyahoga County, which has 880,000 registered voters – the most out of any county in the State of Ohio.

In recent years the CCBOE has seen an increase in voter participation outside of Presidential Election years. This positive voter trend is expected to continue in the two (2) known elections in 2022 and three (3) known elections in 2023. In addition to overall increased voter participation, more voters are opting to vote by mail or by early in-person voting at the CCBOE.

The 2020 Presidential Elections were like no other elections the CCBOE has ever administered. The CCBOE was fortunate in being awarded various grants to assist with the unexpected and voluminous expenses, workload and challenges associated with executing large elections in a pandemic. When possible, the CCBOE expended grant dollars to acquire hardware and software that benefited voters and election officials in 2020 and will continue to provide these benefits for years to come. In time, many of these advancements will reduce seasonal temporary employee staffing and wage costs. Grant expenditures have resulted in:

- Online precinct election official training
- Introduction of automation equipment to enhance Vote-by-Mail ballot processing
- Providing ADA accessible sample ballots to voters

The CCBOE's 2022-2023 Recommended Biennial Budget includes an additional \$1,422,574 to maintain paying Election Day Field Staff wages at the November 2020 rates, \$788,708 to increase Seasonal Temporary Employee wages from \$11.25 (2018) and \$11.50 (2019) per hour to \$15 per hour, and \$226,644 to implement the Employee Compensation Market Study for Full-Time permanent employees.

Per ORC Section 3501.17, the CCBOE charges back subdivisions for the wages incurred by election day workers in odd number years and returns those funds to the County general fund.

In addition to wage increases for the staff necessary to conduct all elections, the budget also includes an additional \$345,200 to cover the ongoing maintenance and licensing fees needed to support election administration and voter enhancements realized from the purchase of equipment and software with grant dollars in 2020.

An additional \$200,000 was included in the Administration Budget to fund ongoing maintenance projects (non-routine) that are necessary to maintain a safe environment for staff and the public in our aging buildings.

The CCBOE will make a major purchase of new voting equipment during this biennial budget cycle. \$10.4 Million will be covered with State of Ohio capital funds provided for in SB 135. However, there will be ancillary items needed to support the new voting equipment that will require County funding. The ancillary purchases should equate to a small percentage (<10%) compared to the State's \$10.4M contribution. See *Part 3: New Initiatives* for additional information. Because a vendor has not been selected yet, the request for funding voting equipment Table B items was not included in this recommended budget.

Part I

Introduction

Background

The Board of Elections is responsible for conducting all official elections in Cuyahoga County, as well as for maintaining the voter registration records of the County's registered voters and the campaign finance reports of all local candidates and political committees.

With around 880,000 registered voters, Cuyahoga County is one of the **largest election jurisdictions** in the State of Ohio.

The Board of Elections consists of **four Board Members**—two Republicans and two Democrats—who are appointed by the Ohio Secretary of State to serve four-year terms. Board Members are responsible for ensuring that the agency's duties are carried out in accordance with state and federal law, as well as in accordance with the instructions of the Secretary of State and the policies adopted by the Board Members.

The Board Members appoint a **Director** and **Deputy Director** who must be of the opposite political party and are responsible for the day-to-day operations of the agency. In addition to the Director and Deputy Director, the full-time staff of the Board of Elections includes **89 full-time employees** who serve at the pleasure of the Board Members. Full-time employees are divided into the following **ten departments**:

| | |
|---------------------------------|---|
| Ballot Preparation & Tabulation | Prepares ballots for elections and is responsible for ballot tabulation and election results. Tests all election equipment to ensure proper operation on Election Day. Process Vote by Mail ballot application requests and Vote by Mail ballot returns, including voters confined to nursing homes and hospitals. |
| Candidate & Petition Services | Assists candidates, political subdivisions, or any entity that wishes to have an item placed on the ballot. Processes petition filings for municipalities, candidates, and issues. Accepts, files, and audits campaign finance reports. Facilitates early in-person voting. |
| Community Outreach | Primary liaison with media and news organizations. Promotes voter registration and provides voter education and information at locations and events throughout Cuyahoga County and via online and social media. |
| Election Officials | Recruits, hires, and trains all election officials and Election Day workers according to Ohio Law. |
| Election Support | Responsible for voting location selection and assuring accessibility for all voters. Prepares and delivers voting equipment and supplies to voting locations prior to each election. |
| Executive Office | Includes the Director, Deputy Director, Elections and Compliance Administrator, and support staff. |
| Fiscal Services | Manages the budget, accounts payable, contracts, procurement, payroll, and overall building operations. |
| Human Resources | Manages recruiting, screening, interviewing, and placing Board of Elections full-time, part-time, and temporary staff. Administers comprehensive personnel program. |
| Information Systems | Manages voter registration database and the Board of Elections website. Draws precinct boundaries according to Ohio law. Ensures voters are assigned to their correct precincts. Provides technical support to all departments. Supports and complies with cyber security initiatives enforced by the Ohio Secretary of State |
| Registration | Processes voter registration cards. Verifies signatures on petitions for candidates and issues. Mail voter-registration-related notifications. Maintains and updates voter history after each election (party affiliation and voting activity). |

Elections in 2022 and 2023

The Board of Elections will conduct two countywide elections in 2022 and three elections (two local and one countywide) in 2023. Additional special elections for various purposes may also be needed.

May 3, 2022 Gubernatorial Primary Election

This **countywide** election will include party nominations for federal, state, and local offices. Voter turnout in Cuyahoga County was **23.8%** for the last Gubernatorial Primary Election in 2018 and was **21.1%** for the 2014 Gubernatorial Primary Election.

November 8, 2022 Gubernatorial General Election

This **countywide** election will include candidates for the federal, state, and local offices that are nominated in the Primary Election. Voter turnout in Cuyahoga County was **54.5%** for the last Gubernatorial General Election in 2018 and was **39.6%** for the 2014 Gubernatorial General Election.

May 2, 2023 Primary Election

This **local** election will include nominations for local offices in some municipalities and municipal court districts, if required, and can also include local issues such as charter amendments and tax levies. Below are the size and voter turnout for previous odd-year primary elections held in May:

- 2021: 196 precincts (**20.0%** of the county), **18.9%** voter turnout
- 2019: 175 precincts (**17.9%** of the county), **21.2%** voter turnout
- 2017: 205 precincts (**21.0%** of the county), **22.7%** voter turnout

September 12, 2023 Primary Election

This **local** election will include nominations for local offices in some municipalities and municipal court districts, if required, and can also include local issues such as charter amendments and tax levies. Below are the size and voter turnout for the September primary election in 2019:

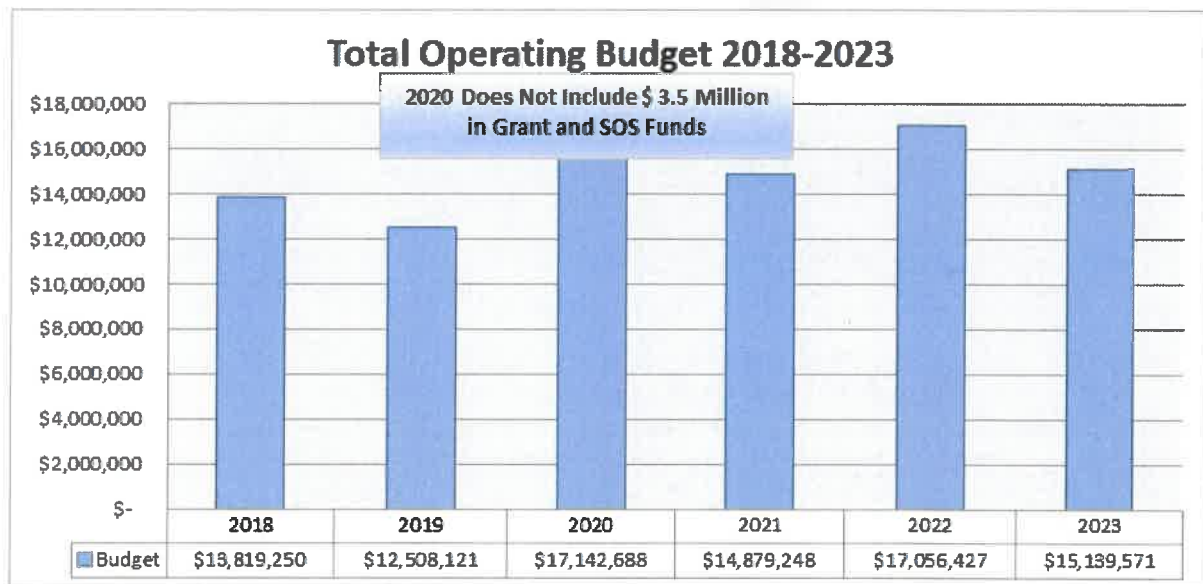

- 2019: 44 Precincts (**4.5%** of the county), **11%** voter turnout

November 7, 2023 General Election

This **countywide** election will include candidates for local offices in municipalities, school districts, and municipal court districts. Voter turnout in Cuyahoga County was **26.2%** in the 2019 General Election and was **38.4%** in the 2015 General Election.

Impact of Four-Year Election Cycle

The total recommended budget of \$17.1 million for 2022, a gubernatorial election year, is an increase of \$3.2 million (23%) from 2018, the last gubernatorial election year. The total recommended budget of \$15.1 million for 2023, a municipal election year, is an increase of \$2.6 million (21%) from 2019. Please note, the 2019 municipal election year did not have a City of Cleveland Primary Election. The nature of the CCBOE's business model causes the upcoming budgets to be based on both the previous year's budget as well as the similar election budget from four years prior.

The yearly fluctuations in the operating budget displayed in the chart above are mostly due to the varying size of the elections (i.e., turnout and total precincts) conducted within a given year. Also, in 2020 the CCBOE was fortunate to receive grant awards from third-party organizations, additional funding from the SOS and grant funds from the County Executive's Office totaling just over \$3.5 million. This additional 20% in funding from outside sources provided the CCBOE with \$20.6 million dollars to conduct successful elections in the 2020 Presidential Election cycles. The \$20.6 million dollars is an increase of 30% over the \$15.8 million that was needed to conduct the 2016 Presidential Elections.

The \$14.8 million the CCBOE will spend this year is a 21% increase from the \$12.2 million spent in 2017 to conduct elections.

The annual percentage increases in the 2022-2023 biennium budget recommendations are consistent with the percentage increases the CCBOE has witnessed in the recent past. The landscape and requirements for conducting safe, fair and transparent elections has changed.

The increase or decrease in turnout and total precincts generally corresponds to the **four-year election cycle** described below.

| Type | Years | Elections |
|--|------------------------|---|
| Presidential Election Year | 2020, 2024, 2028, etc. | One countywide primary election (average turnout) and one countywide general election (highest turnout). |
| Municipal Election Year (including the City of Cleveland) | 2017, 2021, 2025, etc. | Two non-countywide municipal primary elections (average turnout) and one countywide general election (average turnout). However, Cleveland Council/Mayor candidates are elected in these years which can result in more precincts/higher turnout than other municipal election years. |
| Gubernatorial Election Year | 2018, 2022, 2026, etc. | One countywide primary election (average turnout) and one countywide general election (average to high turnout). |
| Municipal Election Year (without the City of Cleveland) | 2019, 2023, 2027, etc. | Two non-countywide municipal primary elections (average turnout) and one countywide general election (average turnout). |

Budget Overview by Category

As indicated in the chart below, full-time staff payroll and benefits represent approximately half of the budget in both 2022 and 2023. An additional third of the budget consists of funding for election officials, ballot printing, and temporary staff.

Other significant budget categories include county building service charge backs (security, custodial, and maintenance) for the Board of Elections Building, postage and mailing services, county lease and utility chargebacks for the Halle Warehouse, paper and printed materials, voting equipment maintenance, and election-related rentals or other services.

| Budget Category | 2022 Budget | % of Budget | 2023 Budget | % of Budget |

| Private Polling Location Rental Fee Increase | \$ 40,000.00 | \$ 20,000.00 |
| Off-Site Retention Material Storage | \$ 22,000.00 | \$ 22,000.00 |
| Voting Equipment | xxxxx | xxxxx |
| Grand Total: | \$ 1,805,817.50 | \$ 1,381,307.60 |

The CCBOE utilized grant funds in 2020 to increase the stipend paid to Precinct Election Officials (PEO) and Voting Location Managers (VLM) from \$172.00 to \$250 and \$200 to \$275 respectively. This was the most effective tool to recruit the statutorially required numbers of PEOs and VLMs to work on election day. The CCBOE has returned to paying the pre-2020 stipend amounts to PEOs and VLMs and is having difficulties recruiting the necessary numbers of PEOs and VLMs in 2021. It is approximately a 20-hour commitment to serve as a PEO or VLM between training and working the polls. The CCBOE also created the position of Sanitation Official to focus on keeping polling locations sanitized and believes this position is still needed during this biennium budget cycle.

The CCBOE also utilized grant funds in 2020 to increase the hourly rate of seasonal temporary employees from \$11.50 to \$12.50. The CCBOE more than doubles the size of its workforce during countywide elections and cannot execute the necessary administrative job functions without this increase in workforce. The CCBOE is encountering challenges in meeting its seasonal temporary employee needs and retaining tenured temporary employees because of the hourly rate paid. The current hourly rate of \$11.50 is not competitive with the external job market. In particular the CCBOE competes with retail establishments for employees with retailers paying up to \$15.00 per hour which is 30% more than the CCBOE.

These two items account for the largest increases in the CCBOE budget proposal.

Budget Accounting Units

The operating budget for the Board of Elections is divided into the five budget accounting units listed below.

| Budget Name | Accounting Unit | Budget Description |
|-------------------------|-----------------|---|
| Election Administration | BE100100 | Provides funding for full-time staff payroll and benefits; lease chargebacks for the Halle Warehouse space; custodial and security chargebacks for the Board of Elections Main Building; and printing, postage, service, and supply expenditures for administrative (i.e. non-election-specific) purposes. |
| Primary Election | BE100105 | Provides funding for temporary staff, election officials, ballot printing, postage, services, and consumables related specifically to the primary election(s) conducted each year. A countywide primary election is held in March for presidential election years and in May for gubernatorial election years. Municipal primary elections are held in May and September in odd years but typically are not countywide |
| General Election | BE100115 | Provides funding for temporary staff, election officials, ballot printing, postage, services, and consumables related specifically to the annual countywide General Election held in November. |
| Special Election | BE100120 | Provides funding for temporary staff, election officials, ballot printing, postage, services, and consumables related specifically to special elections conducted each year. Regular special elections are held on an as-needed basis in August. Special elections for recall, runoff, or other miscellaneous types of elections can also be held at any time as dictated by local and state law. |
| Election Equipment | BE100125 | Provides funding for the voting equipment maintenance contract, electronic pollbooks maintenance contract, voter registration system annual license, and various purchases of election equipment and durable goods. |

Appropriated funds **cannot** be transferred from one accounting unit to another unless approved by the County Council.

Further, appropriated funds for personnel (payroll and benefits) **cannot** be transferred to non - personnel categories within the same accounting unit (and vice versa) unless approved by County Council.

The Election Administration Budget provides funding for salaries and fringe benefits of the 89 full-time staff and 4 Board members of the Cuyahoga County Board of Elections, as well as building maintenance, lease agreements and other non-election specific operational services.

The current budget proposal includes a 2% Cost of Living Adjustment (COLA) for full-time employees at a cost of \$99,665 in salaries and \$39,866 in benefits for 2022 and \$101,556 in salaries and \$40,622 in benefits for 2023. The budget also includes a statutory salary increase of 1.75% for each Board Member. The increase in funding to full-time staff payroll also includes approximately \$160,000 for retirement vacation payouts for the nine (9) employees eligible to retire during the 2022-2023 budget cycle. Unused funds will be returned to the County general fund.

The lease of the Halle Warehouse space appears in this section at a cost of \$540,114 in 2022 and \$556,176 in 2023. Additional County Building Charges at both BOE buildings for utilities, custodial services, security, etc., are projected at \$955,955 per year.

For the first time, a \$100,000 per year allowance is being included for building Maintenance Projects, performed by Public Works' staff, to address non-routine building repairs and other small projects to improve the building work environment (i.e., new water fountains).

An additional \$100,000 is also included for ongoing Cybersecurity Enhancements. The CCBOE has strong cybersecurity protocols in place and will utilize the new funding for routine enhancements required by the Department of Homeland Security and Secretary of State.

The remaining items in the Election Administration Budget include administrative postage and mailing services, printed materials, vehicle maintenance, supplies, and other miscellaneous business costs. In addition to routine inflationary cost increases, we are also providing better services to the public such as ADA accessible sample ballots and voting location change letters as opposed to postcards.

Funding for the Primary Election Budget is based on one countywide election in 2022 for the statewide gubernatorial partisan primary, and two local municipal primary elections in 2023.

A proposed raise in wages for office temporary staff and election day officials/workers accounts for an increase in the Primary Election Budget compared to past years. Other items including voting location costs, paper and printed materials, and postage costs are seeing slight increases.

It should be noted, most costs associated with the Primary Election Budget are charged back to the subdivisions within Cuyahoga County in odd numbered years (in accordance with Ohio Election Law). This includes the costs of ballots, temporary staff, election day officials/workers, and postage costs. The money will be returned to the Cuyahoga County General Fund. In essence, the increased funding requests for PEO and VLM stipends, seasonal temporary employee wages and polling location rental fees in 2023 are cost neutral on the County general fund.

During even numbered years, only the cost of ballots and advertising will be charged back to subdivisions placing an issue on the ballot.

The General Election Budget is based on one November countywide General Election in 2022 for the statewide gubernatorial election, and one November countywide General Election in 2023.

As with the Primary Election Budget, the proposed raise in wages for office temporary staff and election day officials/workers accounts for an increase in the General Election Budget compared to past years. Other items including voting location costs, paper and printed materials, and postage costs are seeing slight increases.

It should be noted, most costs associated with the General Election Budget are charged back to the subdivisions within Cuyahoga County in odd numbered years (in accordance with Ohio Election Law). This includes the costs of ballots, temporary staff, election day officials/workers, and postage costs. The money will be returned to the Cuyahoga County General Fund. In essence, the increased funding requests for PEO and VLM stipends, seasonal temporary employee wages and polling location rental fees in 2023 are cost neutral on the County general fund.

During even numbered years, only the cost of ballots and advertising will be charged back to the subdivisions placing an issue on the ballot.

No funds will be requested for special elections in 2022 or 2023.

Since special elections are infrequent, small, and revenue-neutral—the Board of Elections will request appropriations for special elections on an **as-needed** basis in 2022 and 2023 if a special election is required. This approach will allow the County to divert financial resources elsewhere that would otherwise be reserved for special elections that may not be needed. The CCBOE conducted one (1) special election in 2020 and three (3) special elections in 2021. Requesting the funds on an as needed basis worked well.

It should be noted, special election costs are charged back entirely to the subdivisions holding a special election and the money returned to the Cuyahoga County General Fund.

The overall funding increases by 22% in 2022 and remains flat for 2023. Almost all of the additional expenses are attributed to new software and equipment implemented in 2020 with grant funding to administer the Presidential Elections cycles. The CCBOE utilized the grant funds to cover the ongoing maintenance and licensing in 2021. The CCBOE and voters realized positive enhancements from these new products that need to continue through the next budget cycle and beyond.

The two largest annual costs are for the ES&S voting equipment and Tenex electronic pollbook maintenance and licensing agreements.

New Initiatives

New Initiatives

Listed below are new initiatives for 2022 and 2023 that will impact the operating budget for the Board of Elections.

| |
|---|
| Election Equipment Maintenance and Licensing |
| 2022: \$148,600 |
| 2023: \$148,600 |
| The CCBOE received multiple grant awards in 2020 to improve administrative processes in a pandemic election environment. The CCBOE put emphasis on procuring equipment and software systems that not only enhanced operations in 2020 but would increase operations for several years into the future. The CCBOE also used the grant funding to cover the routine annual maintenance costs in 2021. With the one-time purchase of equipment and installation expenses already covered, the CCBOE has included ongoing maintenance and licensing fees for various products that enhance processes such as the Vote-by-Mail program and online Precinct Election Official training. |
| Seasonal Temporary Employee Wages |
| 2022: \$471,275 |
| 2023: \$399,350 (This amount will be charged back to each subdivision) |
| The CCBOE relies on seasonal temporary employees to execute the numerous processes in election administration. Where once the CCBOE wage rate for these employees was market competitive, it now lags the compensation rate of multiple retail establishments. It has been difficult to recruit new employees and retain existing seasonal temporary employees who can find higher wages in businesses closer to where they reside. Employee retention is critical to maintain institutional knowledge in our operations. The CCBOE intends to increase the hourly rate from \$11.50 to \$15.00 per hour effective January 1, 2022. |
| Election Day Field Staff Wages |
| 2022: \$709,880 |
| 2023: \$467,694 (This amount will be charged back to each subdivision) |
| The CCBOE employs approximately 5,000 individuals in each countywide election to work at polling locations and in the field on the election day. Most of these individuals are Precinct Election Officials (PEOs) who receive a lump sum stipend that covers their time in training, setting up for the voting location on election eve, and working on election day. Apart from the November 2020 General Election, most PEOs have been compensated \$172 for the past 10+ years. For the November 2020 General Election, the stipend was temporarily increased to \$250. This was the primary reason for the CCBOE being able to employ PEOs for the Presidential General Election. Now, it is difficult to recruit PEOs for the lower stipend of \$172. Going forward, the CCBOE wants to compensate all election day employees at the November 2020 General Election rates to ensure statutorily staffing requirements are met and compensate the staff near the \$15.00 per hour rate. |

New Initiatives (Cont.)

| |
|---|
| Private Polling Location Rental Fee |
| 2022: \$40,000 |
| 2023: \$20,000 (This amount will be charged back to each subdivision) |
| The CCBOE currently utilizes about 300 polling locations to conduct voting on election day. Of these about 100 polling locations are owned by private or non-profit entities with the remaining 200 being public buildings (e.g. school, city hall, etc.). Maintaining continuity in polling location assignments is key in the CCBOE's efforts to minimize voter confusion on election day. The CCBOE currently pays the non-public polling locations a \$300 rental fee which is becoming an insufficient rental fee for several locations. The CCBOE plans to increase the rental fee from \$300 to \$500. |
| Off-Site Retention Material Storage |
| 2022: \$22,000 |
| 2023: \$22,000 |
| The CCBOE is required to retain election materials from federal elections for 22-months pursuant to the Secretary of State's Retention Schedule. This includes voted and unvoted ballots, Vote-by-Mail envelopes, and various other election specific items. The August 3, 2021 Special Congressional Election and November 2, 2021 General Election are unexpected federal elections that the CCBOE does not have onsite storage available to comply with SOS retention requirements. The CCBOE will need to rent or lease an offsite facility for these materials until they can be destroyed in 2023. |
| Maintenance Projects |
| 2022: \$100,000 |
| 2023: \$100,000 |
| The CCBOE's buildings are aging and in need of ongoing maintenance updates in addition to larger capital improvement projects. Adding a specific budget line item for building maintenance facilitates the CCBOE being proactive in planning building maintenance instead of it being a reactive measure to building infrastructure failures. |
| Cybersecurity Enhancements |
| 2022: \$50,000 |
| 2023: \$50,000 |
| The CCBOE is defined as critical infrastructure by the Department of Homeland Security (DHS). The Secretary of State's and DHS' ever increasing cybersecurity requirements impose unexpected cybersecurity requirements on our systems. The CCBOE needs to procure a data backup device with support in preparation for the next round of cybersecurity initiatives. |

New Initiatives (Cont.)

| |
|---|
| Employee Compensation Study |
| 2022: \$112,200 |
| 2023: \$114,444 |
| The CCBOE contracted with the Archer Company to conduct a comprehensive maintenance review of our compensation and classification structure. The Archer Company identified multiple job classifications that require a salary adjustment. The last salary update at the Board of Elections was performed in 2015. |
| Voting Equipment |
| 2022: TBD |
| 2023: TBD |
| <p>In 2018, Senate Bill 135 made funds available for all 88 counties to purchase new voting equipment. The CCBOE has been awarded \$10.4 million toward the acquisition of new equipment. The CCBOE is in regular discussions with the Secretary of State's Office regarding purchase and implementation timelines. It is likely vendor selection will occur in 2022 with implementation and invoicing occurring in 2023.</p> <p>The State has classified the voting equipment into two categories, Table A Items and Table B Items. The \$10.4 million equipment allotment can be used for Table A Items only. This covers most of the equipment needed and includes items such as Election Day scanners, central count ballot scanners, and ADA voting equipment. The CCBOE will also need to purchase some Table B Items. These could include needed ancillary items such as transport carts, additional staff training, and storage shelving. The funds needed to cover the Table B Item expenses is not known at this time as it is directly dependent on the voting equipment vendor that is selected.</p> |
| Major Capital Projects |
| 2022: TBD |
| 2023: TBD |
| <p>Major Capital Projects to the buildings occupied by the CCBOE are typically not funded through the biennial budget process. However, the current condition of the buildings and operational needs to execute successful elections warrant mention in this budget proposal. The CCBOE has identified six (6) capital projects it is requesting to be funded and completed by the County Department of Public Works in the upcoming biennial budget cycle.</p> <ul style="list-style-type: none">• The most important being a permanent auxiliary power source at the Hughes Building to maintain continuity of operations.• The auxiliary power project will include modifications to the Hughes Building parking lot that in of itself needs repair for safety purposes.• The Hughes Building carpeting is at least 30-years old and beyond its useful life.• The Hughes Building windows are also in need of repair as several leak causing damage to the drywall and production of mold.• The third floor in the Hughes Building should have the service counter removed to facilitate a more efficient use of the workspace. <p>The fourth floor in the Hughes building has several underutilized work areas that should be modified.</p> |

Update on Cuyahoga County's Voting Equipment and Tabulation System Acquisition Process

August 2021

I. State Funding Deadlines and Progress

The expiration date for the funding of voting equipment is **June 30, 2023**, as listed on the Ohio Procurement website for this contract (#OT902619, title "Voting Machines"). This is the last day on which the contract may be used to place orders.

II. EAC and Ohio BVME Certification Timelines

| Vendor | EAC Certification | Ohio Certification | Supplemental Wireless Transmission Testing |
|---------------------|---|--|---|
| Clear Ballot | Ongoing; Expected completion Fall 2021 | Pending EAC certification, expect to request meeting in Aug./Sept. 2021 | Scheduled to begin the last week in July, 2021 |
| ES&S | Ongoing; Expected completion December 2021 | Pending EAC Certification, expect to request meeting in Winter 2021 | Expected to begin in late September, 2021 |
| Hart | Complete | Ongoing, expected to resume in Aug./Sept. 2021 | Expected completion mid-August, 2021 |

III. Next Steps

High-Level Overview

1. Determine quantities of equipment, software, supplies, etc., for each vendor's election system. (Ongoing)
2. Get updated pricing quotes from each vendor based upon the quantities outlined in step 1.
3. Drafting of the Final Report and Recommendation that will be presented to the Board.
4. Draft and negotiate maintenance contract
5. Presentation and Final Report to the Board during a previously scheduled Board Meeting.
6. Board approval

7. Submit resolution to County Council for three readings
8. Old Voting Equipment Disposal
9. New Voting Equipment Delivered

IV. Implementation

Due to the certification timelines outlined in Section II of this document, we are unable to move past Step 1 of Section III. Without final certification, new pricing for updated equipment cannot be posted by the Ohio Department of Administrative Services. Several improvements and modifications from each vendor are included in the equipment that is in the certification process now, and we want to purchase the best equipment possible for Cuyahoga County.

Board staff spoke with Ohio Secretary of State staff on July 29 and both parties mutually agreed to implement new voting equipment for the May 2023 election. Work on selecting a vendor will continue and a draft of an updated timeline with dates will be created soon. Our current voting equipment will continue to be reliable and used for all elections in 2022.
